I take my young kids to the playground which they love, I do the park run, I attend community events there and recently really enjoyed the Bellerive Beach Party which made excellent use of the space and showed how versatile the space is. |

**Optional question** (153 response(s), 9 skipped)

**Question type:** Essay Question

**Q2 | What would make the Bellerive Beach precinct more enjoyable for you? Would that make you come more often or stay longer?**

Screen Name Redacted

6/07/2024 01:31 PM

Better parking options (eg pram/baby friendly wider parks)

Screen Name Redacted

6/07/2024 01:37 PM

I love the beach as it is, a natural environment and enjoy seeing all the happy dogs walking with their owners. Although the steps at the bluff end flood and pool water when it rains and become unsafe and sometimes even restrict access at all. Drainage works is needed to redirect the water to fix this

Screen Name Redacted

6/07/2024 01:38 PM

Better toilets/parenting facilities.

Screen Name Redacted

6/07/2024 01:40 PM

New toilets, more parking- the parks near the playground/grass are always full, safety fence between footpath/beach and road

Screen Name Redacted

6/07/2024 01:44 PM

Warm showers like they have at Sandy bay beach. More cafes, ice cream shops etc.

Screen Name Redacted

6/07/2024 01:45 PM

Car parks with beach view. No dogs to make it safer.

Screen Name Redacted

6/07/2024 02:00 PM

Better toilets closer to the park A toy library at the entrance

Screen Name Redacted

6/07/2024 02:08 PM

Toilets closer to the park, more undercover winter friendly bbq shelter areas that would be good for kids bdays etc. make the park more seasonally friendly.

Screen Name Redacted

6/07/2024 02:15 PM

Larger and upgraded toilet facilities closer to the park/main beach end. It's quite the hike with young children (particularly when you have multiple and one or more still want to play). Weatherproof shelters for winter socialising/birthday parties. Yes i would come more often.

Screen Name Redacted

6/07/2024 02:18 PM

Better parking, although this would be difficult to add. A cafe with takeaway coffee and sandwiches to eat outside.

Screen Name Redacted

6/07/2024 02:22 PM

Cleaner and closer toilets to the park

Screen Name Redacted

6/07/2024 02:35 PM

Screen Name Redacted

6/07/2024 02:41 PM

I live here. It would make it heaps more enjoyable if you stopped trying to ruin the natural environment, and sense of tranquility that we love so much, and which brought us here in the first place. It would be significantly more enjoyable if you asked the arrogant folks at Blundstone Arena to give a damn about its neighbours.

better parking

Screen Name Redacted

6/07/2024 03:27 PM

It would be awesome to have a coffee van, or shop, apart from the fish shop. Better parking would be very helpful for peak times

Screen Name Redacted

6/07/2024 03:54 PM

Better facilities, maybe a cafe precinct. Buy the fish Bar and make it something worthy of the area

Screen Name Redacted

6/07/2024 03:56 PM

Removing vehicle traffic from Kangaroo Bluff - ruins an otherwise perfect beachside setup for people to enjoy. Many near misses with vehicles almost coming onto the narrow Clarence Foreshore Trail in that section

Screen Name Redacted

6/07/2024 04:01 PM

Having a better toilet block closer to the playground.

Screen Name Redacted

6/07/2024 04:11 PM

Better toilet facilities more food options closer to the park. The cafes and restaurants are great but not close enough with kids

Screen Name Redacted

6/07/2024 04:13 PM

Toilets closer to the park

Screen Name Redacted

6/07/2024 04:19 PM

The dogs on the beach are very off-putting, especially as we have young kids. Irresponsible dog owners let their dog off the leash, and they come up to our young kids which is dangerous.

Screen Name Redacted

6/07/2024 04:23 PM

Shade trees

Screen Name Redacted

6/07/2024 04:32 PM

Please upgrade the toilets. Or at least make sure there is soap there. Put some free plastic bags for dog owners as sometimes the beach smells like excrement.

Screen Name Redacted

6/07/2024 04:53 PM

I would love to see food trucks and coffee vans be able to operate near the playground, especially in summer when it's hot and the beach is full (anything other than the fish and chip place there which is average at best). Some music/busking on a warm summer day too would be nice. Better toilet facilities are needed, the existing ones are pretty horrible for kids (and adults).

Screen Name Redacted

6/07/2024 05:00 PM

More seating areas

Screen Name Redacted

6/07/2024 05:00 PM

More seating, especially in the playground area. Public toilet closer to the park because young kids struggle to make it.

Screen Name Redacted

6/07/2024 05:12 PM

A closer and better toilets near the play equipment , more bbqs

Screen Name Redacted

6/07/2024 05:15 PM

I would love if the pontoon was there all year round. It be great for us who like to swim all year round t9 have something to swim to!

Screen Name Redacted

6/07/2024 05:37 PM

Flying fox, toilets closer to the park, a bike track.

Screen Name Redacted

6/07/2024 07:59 PM

Toilets that were in closer proximity to the park, more bbqs, expanded park to appeal to older kids

Screen Name Redacted

6/07/2024 08:10 PM

The toilets need to be moved closer to the park and updated, possibly including change rooms. A surf life saving type building would be amazing with facilities such as a kiosk downstairs, restaurant/community area upstairs, as well as the toilet and changing

facilities. It would also be fantastic to see a grass area enclosed along with the park for children to play ball games in.

Screen Name Redacted

6/07/2024 08:51 PM

It can be crowded especially the walkways so facilitate more traffic .  
Better toilets . Dave spaces for families

Screen Name Redacted

6/07/2024 11:07 PM

Less dogs off lead.

Screen Name Redacted

6/07/2024 11:23 PM

Waterpark, more walking trails, food van pop ups, events

Screen Name Redacted

6/08/2024 12:55 AM

The toilets need a significant upgrade. They are disgustingly and too far from playground when you have young kids that are busting to go. I would like more sitting areas outside of the park. Better parking facilities and increased parking times. 2 hours is insufficient when you are there for family or friend play dates.

Screen Name Redacted

6/08/2024 05:06 AM

Nicer toilets closer to the park. Basketball hoops, bike track for kids (like Wentworth park) flying foxes, bigger park with more play equipment (like Kingston park)

Screen Name Redacted

6/08/2024 05:16 AM

Closer amenities to the park

Screen Name Redacted

6/08/2024 05:19 AM

Much bigger playground with more facilities for seating/picnics - more play equipment - better toilets closer to the park

Screen Name Redacted

6/08/2024 09:47 AM

If it wasn't over overdeveloped

Screen Name Redacted

6/08/2024 10:30 AM

More tables fir sitting, bbqs and disabled parking

Screen Name Redacted

6/08/2024 11:44 AM

It already has too much built infrastructure. The signs not allowing dogs to be walked on-lead on the grass need removing and this sign needs taking down.

Screen Name Redacted

6/08/2024 01:06 PM

If it was a bigger space I might come more often. During the warmer months it is very crowded and over time the area has been chipped

away by development and erosion.

Screen Name Redacted

6/08/2024 04:17 PM

A more structured approach to land and streetscaping of the area. Kingston and Blackmans Bay Beaches provide great examples

Screen Name Redacted

6/08/2024 06:33 PM

More bike lanes, more play equipment for young kids, an enclosed bike track for kids, more picnic tables and BBQs, toilets closer to the park (toilet training and little kids need them closer).

Screen Name Redacted

6/08/2024 10:37 PM

Making dogs more welcome. There are no facilities for them. My dog struggles with the heat and the only place for her to get a drink is the taps/foot wash next to the play park, supposed to be off limits to dogs but for the sake of her health I let her drink there. Especially as she is not even allowed to go for a swim to cool down until after 6pm in summer. Water play areas for dogs would be great. Somewhere where I could sit with my dog while we eat fish and chips.

Screen Name Redacted

6/08/2024 11:43 PM

More sitting areas, sun loungers would be amazing

Screen Name Redacted

6/09/2024 06:45 AM

Toilets need an upgrade. Some more BBQ areas in the park area

Screen Name Redacted

6/09/2024 07:46 AM

- easier parking - food vans or more food options - more seating and BBQ areas - toilets closer to the play equipment

Screen Name Redacted

6/09/2024 08:16 AM

Being able to bring my dog along without having to wonder if I'm "in the right area" or not. The signs are dubious, confusing and ridiculous. Other than that, I love it just the way it is.

Screen Name Redacted

6/09/2024 08:42 AM

More open space, less clutter by structures. I would like to be able to walk my dog in the park area (but understand not within 10m of playground). Currently area pretty well excluded to you if you've brought your dog with you. Many families have dogs, but limited time to exercise them so they have to chose EITHER the Beach Park or a walk with the dog. Most kids LOVE dogs.

| Screen Name Redacted<br>6/09/2024 02:39 PM | More picnic tables especially if they were covered. Bench seats near the coast watch stand are not well covered. Insufficient shelter from either rain or sun from those narrow high covers. More and better toilet facilities in the area.  |
| Screen Name Redacted<br>6/09/2024 08:33 PM | I think the facilities are very good, it's a great space                                                                                                                                                                                     |
| Screen Name Redacted<br>6/10/2024 09:22 PM | Toilets are inadequate for kids and not stocked well (soap, paper). On a bike this area of the foreshore is a pain to navigate and worth taking to the road (church st) in order to avoid the increase of people and relatively narrow path. |
| Screen Name Redacted<br>6/11/2024 03:21 AM | Ensuring the dog off lead areas continue :) Maintenance of the park facilities to ensure they are safe for young users                                                                                                                       |

At the moment it is not possible to ever walk along the length of the beach without off lead dogs running up to you. As a consequence my 4yo is now terrified of dogs when he wasn't before. I believe the beach is more dog friendly than it is child-friendly. Children shouldn't be confined to a tiny section at the end of the beach, dogs should be or a different smaller less populated beach should be used as a dedicated dog beach. Families should be able to enjoy walking along the beach together. In no other capital city would you find such a heavily populated beach in a suburban area allowing off lead dogs, this really needs to change especially if the council is planning works that will attract even more people to the precinct. There is plenty of off lead dog space - a massive space on South street. Let kids enjoy the beach please.

6/17/2024 09:56 PM

Beach access for all is needed. I support a client that uses a wheelchair and she would love to be able to get onto the beach independently. She can not use the mat that is currently at the Bellerive beach as the gradient is too steep. Being able to get into the

6/18/2024 08:00 PM

beach safely would mean we could visit as often as we like. Also more shaded picnic areas would enable a longer stay.

Screen Name Redacted

6/18/2024 10:39 PM

Nice as it is, but improved access to the beach all year round

Screen Name Redacted

6/19/2024 09:17 AM

A really cool bar where you could sit outside and see the water and bring your dog.

Screen Name Redacted

6/19/2024 10:05 AM

Toilets badly need upgrading. More shoreline shade trees for warmer days when swimming with covered picnic tables. Pop up events with food trucks, music.

Screen Name Redacted

6/19/2024 02:15 PM

More car parking. More undercover areas. Improved drainage in the areas outside of the playground. They can become rather boggy after rains.

Screen Name Redacted

6/19/2024 04:52 PM

A lot more seats are needed. Lots of elderly people walk along Victoria Esplanade and more seated would be much appreciated. Victoria Esplanade, between Abbott St and Gunning St needs some speed humps as many drivers ignore the 40 km speed limit. This is a danger to people walking on the footpath and to wildlife as well.

Screen Name Redacted

6/19/2024 09:47 PM

Longer times in summer for dogs to be allowed in beach. Get rid of the horrible storm water/sewerage pipe, does that make the water unsafe, ear infections etc

Screen Name Redacted

6/20/2024 05:29 PM

An updated 'toilet' block that included both more toilet cubicles, as well as changing cubicles for people after they have had a swim. Picnic tables and benches around the open, free play grassed areas, so that there are more eating tables available to groups and parents/carers can sit and watch their kids kicking a ball around etc Children's toilets (maybe even just two of the smaller sized ones actually inside the play area, or the fenceline expanded a little so as to be able to include one. Otherwise parents / carers need to round up all of their kids, just to escort one child over to the current toilet block because it is so far away, and they don't want to leave their children unsupervised that far away for that long). Some activities such as a half court, zip line (?), built in table tennis table etc in its own 'teen zone' (perhaps around the 'disused' part of the park, directly behind the wall of Blundstone. Even just a single toilet 'capsule' down the far end of the beach (it's a long way for little people to get back to the

playground area ones.) Perhaps some 'look out' decking that you can walk up steps to from the street side, in order to actually be able to look out and over to enjoy the view (as seating own on the beach wouldn't really be appropriate, and the sand dunes block all the view from the street along Alexandra esplanade). A mobile 'food' van - hot drinks for the oldies, smoothies/ milkshakes for younger people and cheap snacks (to hit the market differently from sit down brunch at Hurricanes cafe or \$25 fish and chips from The Fish Bar - stuff that a kid could buy with their pocket money or a family on a budget could afford to get for their whole tribe).

Screen Name Redacted

6/21/2024 09:46 PM

Toilet facilities closer by, articulately for young families. More shaded areas and bbqs.

Screen Name Redacted

6/23/2024 01:30 PM

More activities for older children - flying fox/zip wire along southern boundary of Blundstone. Linear junior mountain bike track along southern boundary of Blundstone. Outdoor games such as chess (but who looks after the pieces?) Expand outdoor gym to include more devices.

Some more modern and accessible eateries, like a cafe at the park or a bar next to the Fish Bar, like the Salty Dog at Kingston Beach. Also more vibrancy

Screen Name Redacted

7/04/2024 09:34 AM

Toilets that aren't the worst you'll find in all of greater Hobart. It's like going back to the 1970s. Must have baby change facilities and actual seats on the toilets would be a nice luxury at this point. Over the last 6 years, I've changed many a nappy of my two children on the grass between the toilets and playground - not exactly a great situation for anyone. We've been completely avoiding the toilets in the last couple of years and sneak into the cafe at Blundstone where possible before leaving.

Screen Name Redacted

Screen Name Redacted

7/08/2024 02:53 PM

Upgrade the toilet facilities. Provide a functioning and private change area (with showers close by- not 50 meters along the track) which includes a change table for infants, bench seats for elderly people who have difficulty getting their shoes back on after swimming. Toilet and change facilities should be close to parking and beach for easy access to both. Shade options for on the beach (there are a few trees but perhaps Council could install something more effective down the fish and chip end than the current shaded benches which hardly provide any shade) Pontoon should be available all year- for the winter swimmers among us. Stronger regulations for motor boat activities (last summer there were heaps of jet skis and speedboats blatantly ignoring regulations and motoring much too close to swimmers. Their presence also really spoils the peaceful atmosphere. Perhaps there is a beach less popular for swimming and picnicking where they could concentrate their activities?) Dog owners need to be reminded not to leave bags of poo on the beach (not nice when you want to set up a picnic) AND to clean up after their dog - far too much dog poo left on the beach and track these days. Perhaps more frequent bins for this? An education campaign explaining that it's not OK to leave bags of poo on the beach (not fun to come across them when swimming). Add tai chi and/or community dance classes to fitness in the park (not everyone can do bootcamp-style)

Screen Name Redacted

The area has a distinct lack of food light refreshments shops .Why can you have some pop up stall holders ie coffee ,ice cream ,snack food vendors. Currently the fish bar and stadium coffee shop provide some of these options but it would be good to have some of these right within the park.Should offer current vendors same opportunity .

I like it the way it is, although better changing facilities, and toilet amenities closer to the playground would be a bonus

Closer toilets they are way too far away

More spots on the beach to leave towels and gear - seats or enplacements. Pontoon repairs. Maintenance on the outdoor gym.

To be honest, I would prefer another park instead of an already excellent park being improved. Maybe the other end of the park? Maybe on top of Rosny Hill. Maybe improvements to the Warrane playground/park, which is pretty desolate and sad mostly? It would be nice if the joy would be spread around a little and get the playgrounds to other areas. Bellerive beach is already a well developed area, and it feels like catering for the rich more than anything. A lot of the people in Clarence are not from Bellerive or the harbour front.

Better toilets, basketball courts and more choic in shops

The toilet facilities are horrendous. Maybe a surf club to replace the old toilets. Then a club could develop, there could be a small bistro and new toilet shower facilities.

Screen Name Redacted

More seating & bbq outside of the playground. Toilets closer to the playground . Changrooms

Screen Name Redacted

Better toilets, more public amenity for all access. Habitat/revegetation as a focus - make it a standout for what is possible in Clarence.  
Public art. Outdoor shower for those of us who swim all year.  
(Including a tap at the River street end of the beach!)

A wind break for the BBQ area and better toilet facilities. Longer parking times. Also the lawn between the park and Blundstone could be improved to create a small flat field. Finally a Jetty/kayak launching area would be great.

Better toilets closer to the playground I.e. in the playground area or right next to the playground. Better coffee nearby. Places for food/coffee trucks to pull up and trade. Non-timed restricted parking. Pop up wine and grazing events.

More substantial change/toilet facilities (Kingston Beach is a reasonable example; I don't mind changing in a toilet cubicle if there's a place off the floor to sit my bag and temporarily hang towel, clothes, etc.)

A place to park and safely unload kayaks with safe access on the road or right hand side of the car, also easy access onto the beach from the car park. Where the kayak wash down stand currently is not anywhere close to the car parking which means carrying the kayak through pedestrian traffic.

A few more bbq huts might be nice but other than that, Bellerive beach is perfect. It doesn't need to be commercialised. We are very lucky in Tasmania to have these natural spots to enjoy. THIS is at the end of the day why people visit Tassie. If they wanted commercialisation - they'd go to the Gold Coast. I think we need to realise this and stop trying to change. Harness the "wild". Bellerive Beach is stunning just the way it is.

Screen Name Redacted

6/09/2024 08:42 AM

No!!!! Keep it as a real beach area. Don't turn it into a comfy lounge room with so many offerings and structures it no longer looks natural.. Or an area that will be littered with plates, cutlery, wrappers and coffee cups. Celebrate that it's outdoors and you don't have food on tap when you're outdoors. You go there to be active, social and to recharge. Keep the focus on those.

Beach Hire like paddle boards, peddle boats, dedicated event space, coffee van ( more accessible than Hurricanes) ,more covered picnic tables around perimeter of the playground.

Some food vans every now and then would great.

Screen Name Redacted

6/10/2024 09:22 PM

Seems about right, would be nice seeing more food options but not at the expense of loosing more parking or grass area.

Screen Name Redacted

6/11/2024 02:05 AM

No, there is already a shop on the corner and cafe at Blundstone Arena. If that shop onthe corner were to be re-developed I would not have a problem.

Screen Name Redacted

6/11/2024 03:21 AM

Coffee yes!! but good coffee Better ice cream too

Screen Name Redacted

6/11/2024 09:25 AM

Improvement to the local fish and chip shop. It is very outdated and slow during the extremely busy times in summer. A nice outdoor area (i.e. beer garden) would be wonderful.

Screen Name Redacted

6/11/2024 03:22 PM

food trucks (coffee and ice cream), kayak hire

Screen Name Redacted

6/11/2024 07:29 PM

Make provision for food vans to be set up for festivals and other events A performing arts area is a great idea Get further ideas from Brisbane's Southbank area and Kingston's park A disability play equipment area would be great.

Screen Name Redacted

6/11/2024 07:40 PM

Leave the current facilities in place and then extend onto them with more shelter, more bbqs, more seating and more play equipment.

Screen Name Redacted

coffee/bar/event space on foreshore more emphasis on non-car

6/29/2024 03:16 AM

movements to the space - how can you access via  
bus/ferry/bike/walking - how are these non-vehicle routes signposted?

Screen Name Redacted

6/11/2024 09:43 PM

More shaded picnic spaces , a dedicated bike/pump track Events like Franko Street eats. It could be a monthly - music and food on a summers evening ! More public transport - maybe a shuttle from the ferry? Or bike hire faculties

Screen Name Redacted

6/12/2024 08:33 AM

As above, more food outlets would great in this area.

Screen Name Redacted

6/12/2024 08:48 AM

Not really

Screen Name Redacted

6/29/2024 03:16 AM

More picnic/bbq facilities. Upgraded toilets. Upgraded and larger children's play area for wider age and abilities.

Screen Name Redacted

6/12/2024 04:00 PM

Perhaps a coffee or food van to add variety to that available in fish shop and Blundstone cafe. A dedicated small events space would be nice but then it limits family spread out space. Perhaps another BBQ and picnic table behind the shrubs opposite the fitness area.

Coffee Van would be appreciated with dog friendly outdoor seating Often with a group of friends and our dogs have a coffee at the Bellerive cricket ground restaurants. Dog friendly Kingston beach is a lot more user friendly to those who use it Has Effective Shower facilities Hoses to wash the sand off legs, beach equipment and dogs Dog friendly water usage Easy access

Last Monday (June 10th) a fellow set up a sauna and invited locals to use it. It was popular with the cold water swimmers. Helsinki has a public sauna by their bay. A sauna would be amazing to have by the beach. Unique in Tasmania. Cold water swimming is increasingly popular. A sauna would complement this activity. The beach area could do with a decent cafe. The esplanade between Chapman St and Queen St, or the bottom end of Queen St could be appropriate places to introduce commercial zoning.

More food options, a cafe where you can sit outside

Screen Name Redacted

6/14/2024 01:35 PM

The ability to have regular food/coffee vans and or a walk-up cafe similar to the Blue Door Cafe at Merewether Beach in New Castle (check it out) would be amazing. This area is such an amazing space and has the potential to be so much more. Imagine smashing out a PB at park run and then strolling up to a walk-up cafe with loads of beach natural timbers and beach vibes, ordering a coffee and a breakfast bowl, while being able to see the kids who are having a play at the park, then strolling knee deep in the beach for a bit of active recovery. Wow.... Or finishing work on a spring or summer afternoon, catching the ferry back to Bellerive where you meet up with the family and stroll around the foreshore to the beach where everyone can choose which food van they are going to get dinner from. Then grabbing a spot on the grass and listening to some local talent playing some acoustic chilled vibed music, before grabbing an icecream to walk back to the car with.

6/16/2024 09:44 PM

I like the idea of food and coffee vans being able to park nearby or other services such as a mobile sauna to increase options. I like the area being used for events and have enjoyed events there and I note that the space already works quite well for large events like the beach party with a mobile stage and mobile food trucks etc. Keeping the space versatile I think is a key to future success

Screen Name Redacted

Access for all onto the beach. A permanent wheelchair ramp. More shaded picnic areas.

Screen Name Redacted

6/19/2024 09:17 AM

A bar - surely the back of that Hurricanes cafe or something could be modified to face the ocean and have outdoor seating or something new near the back of the stadium at ground level...Think of the Salty Dog at Kingston Beach that place rocks.

Screen Name Redacted

6/19/2024 10:05 AM

Limit commercialisation of the precinct. Parking is limited. "Pop up" activities could work.

Screen Name Redacted

6/19/2024 02:15 PM

More shelters are needed. Better parking (more parking). Access to food/coffee will mean people stay longer.

Screen Name Redacted

6/19/2024 04:52 PM

A cafe, or similar, at the beach would be great.

Screen Name Redacted

6/19/2024 09:47 PM

Dog poop bags like HCC has, they are more biodegradable than CCC. Dog drinking/human drinking taps like HCC has. coffee/icecream kiosk type shop.

Screen Name Redacted

6/20/2024 05:29 PM

More picnic/ bbq facilities and benches. Keeping the open area behind the playground open, so that it can still fit all the runners at the Parkrun starting line in there.

Screen Name Redacted

6/21/2024 09:46 PM

Family toilet facilities and more bbq/shade

Screen Name Redacted

6/23/2024 01:30 PM

Improve area immediately in front of existing fish and chip shop - provide area for seating and delineate road crossing. Does not need

a dedicated events space - use Blundstone when Cricket Tas vacates.  
Retain natural values wherever possible. - resist temptation to commercialise - however equipment hire, such as all abilities small yachts (e: Hansa) would widen the parks appeal. Such hire services should not be at the expense of parkland.

Screen Name Redacted

7/01/2024 11:07 AM

Cafe. More bbq areas.

Screen Name Redacted

If the beach ended up really really crowded too often it would lose its natural value to me as a peaceful relaxation, enjoyment of wildlife and mental health walking space

Accessing the park when something is on at the oval is impossible. Accessing the park when it's hot is impossible we need to open up access to the beach the stairs near Chapman street are terrible there is no easy way to cross the road. Buses try and park there with school kids people who live there can't get out it's a traffic management nightmare

Screen Name Redacted

well it depends. I don't think so, but if I couldn't park within a reasonable distance it would be offputting. If it became filled with litter because of loads more people, it would be off putting. That is for sure a worry about food vans etc. Being responsible for beach health and beauty, should be emphasized

If it was extended there would be more space - feels very crowded in the park at busy times at the moment yet Kingston doesn't because it's so big

Screen Name Redacted

It was once a natural area that I think has been a little overdeveloped and homogenised. More changes and more people I think would just change the beach into a place where people would go who have no interest or respect for the beach .

I avoid the people. The park is too cluttered. You need to keep Charles Hand Park and former Rosny Golf course as public open space to stop crowding. More uncluttered, parks needed in Clarence. Trees and plants are fine to have in the parks.

Screen Name Redacted

6/08/2024 01:06 PM

Because of the lack of other family friendly parkland options currently in Clarence, the increased numbers of people in the Bellerive beach precinct would reduce its attractiveness for peaceful enjoyment of the natural surrounds. More people, more pollution, more noise!

Screen Name Redacted

Good parks attract visitors. Clarence needs to accommodate Clarence's increasing number of families, currently we mostly use HCC parks because we feel CCC under services its parks. I'd prefer not to travel as much.

It's not the right place for too much infrastructure. It's squeezed between the road, beach and the awful Blundstone towering wall (and

hideous lights). If you put too much in there it will be Disney alley, no longer a coastal area. And people won't be able to avoid it (unless they divert through Howrah streets) if they're walking the coastal track.

If the park is overcrowded makes it difficult to access exercise equipment (I just go home and workout in my backyard instead).

Screen Name Redacted

6/09/2024 02:39 PM

Facilities already in high demand and not always easy to access a free table or BBQ.

Screen Name Redacted

6/09/2024 08:33 PM

Just enjoy walking and swimming.

Screen Name Redacted

6/11/2024 02:05 AM

The answer to 7 above really depends on what changes are made. Not all changes are improvements and I don't agree with the survey linking the two together, its a leading question and dishonest.

Screen Name Redacted

6/11/2024 09:25 AM

I would continue attending as usual.

Screen Name Redacted

6/11/2024 03:22 PM

great park and pontoon. If it was busier I'd just park further away

Screen Name Redacted

6/11/2024 07:00 PM

I walk my dog

Screen Name Redacted

6/11/2024 07:29 PM

The more people the greater the atmosphere.

Screen Name Redacted

6/11/2024 07:40 PM

Depends on the parking situation. Off there is additional parking then it wouldn't be a problem.

Screen Name Redacted

6/11/2024 10:16 PM

I mostly walk beach away from activities

Screen Name Redacted

6/12/2024 08:33 AM

Because I live in the area.

Screen Name Redacted

I would be less likely to visit if it was super busy, but if the was better

6/12/2024 08:48 AM

access for wheelchair/prams it would increase my visits

Screen Name Redacted

6/29/2024 03:16 AM

I think it will still be a great place to visit.

Screen Name Redacted

6/12/2024 04:00 PM

Providing I didnt have to walk too far, particularly when laden down with picnic and beach gear I would continue to use the area as before. re.

Screen Name Redacted

6/12/2024 04:05 PM

The majority of people who use the beach year round are dog walkers. This only changes on hot days. Given that the beach is segregated I believe the current system works very well for both sections of the community There

Screen Name Redacted

6/12/2024 08:06 PM

Parking, accessibility to the beach. I want to be able to take my dog for a walk.

Screen Name Redacted

6/13/2024 06:59 AM

Have all areas disability friendly , including allowing dogs on lead . Have been to fantastic parks in Perth WA & suburbs which have all amenities & equipped and dogs are allowed .

Screen Name Redacted

6/13/2024 10:45 AM

Lovely central location with a variety of options of activities, however toilet facilities are daunting!

Screen Name Redacted

6/13/2024 12:05 PM

Crowding is already a problem

Screen Name Redacted

6/13/2024 05:12 PM

Its not clear what might be included under 'changes or improvements' so I cant really comment on this. I enjoy the beach as it is, in a fairly natural state, and I have never visited when it has been crowded (by European standards!). A huge increase in people and additional noise/commercial activities would definitely spoil it for me.

Screen Name Redacted

6/13/2024 06:47 PM

I am happy to see people using the park and the beach. It is a vibrant area when families are using the play equipment and BBQ areas. There are plenty of other places where there are fewer people - if that is what people are after.

Screen Name Redacted

It is great to a space being used, it creates a community hub

6/13/2024 09:08 PM

Screen Name Redacted

6/13/2024 09:16 PM

If the facilities and parking/access points are designed well, increased visitors shouldn't discourage. It is a large space with room to spread facilities further down the beach

Screen Name Redacted

6/14/2024 01:35 PM

More people means a more vibrant place. It also means that having more people here, there will also be less people at other spots, so if people aren't your thing, you will have options for the seclusion you desire, while still enjoying the beautiful area that we live in.

Screen Name Redacted

6/15/2024 10:19 AM

I would anticipate based on many of the proposed changes above more limited access for families with dogs.

Screen Name Redacted

6/17/2024 08:32 AM

Any improvements would be welcomed although I'm happy with the area at the moment.

Screen Name Redacted

6/17/2024 09:56 PM

I would actually be able to walk along the beach with my children if there was an appropriate dog policy.

Screen Name Redacted

6/18/2024 07:43 AM

There is plenty of space for more people.

Screen Name Redacted

6/18/2024 08:00 PM

The beach should be a place every one can enjoy.

Screen Name Redacted

6/19/2024 09:17 AM

it's just hard to say

Screen Name Redacted

6/19/2024 02:15 PM

The space is big enough to cope with increased numbers of visitation.

Screen Name Redacted

6/19/2024 04:52 PM

I like the area for exercising.

Screen Name Redacted

6/19/2024 09:47 PM

If the area got too crowded when i have the time to go at weekend, i might not go, such as if i couldn't get a park. For example i have to avoid area all together when cricket or football is on, i visit somewhere totally different.

Screen Name Redacted

6/20/2024 05:29 PM

I usually choose to use spaces like this when they are less frequented and quiet and peaceful anyway, as it is great to be able to have such amazing spaces in our community such as the beach and Parks that I can go to within walking distance, to relax and unwind peacefully in.

Screen Name Redacted

6/23/2024 01:30 PM

Park is very busy at times. If considered too many people, we simply return at another time. Better to see park used.

Screen Name Redacted

6/29/2024 04:05 PM

Already gets hectic for kids on the spectrum

Screen Name Redacted

7/01/2024 11:07 AM

If facilities are improved, I would use them more often.

Screen Name Redacted

7/05/2024 03:43 PM

I'm a passive recreation user, during the day on weekdays.

Screen Name Redacted

7/05/2024 03:49 PM

As long as the play equipment is big enough and there is a lot of parking, then the more people the better.

Screen Name Redacted

7/06/2024 12:08 PM

The community should be getting outdoors more often and will be more inclined with better facilities etc.

Screen Name Redacted

7/08/2024 02:53 PM

I am not overly concerned re beach numbers IF: it does not reduce accessibility; there are adequate and accessible toilet and change facilities (up to date these have been shamefully neglected, with the current designer 'changeroom' completely disfunctional and dangerous with a heavy door that doesn't lock but swings and crashes in the wind); council can effectively manage waste during busy periods (no overloaded bins spilling rubbish into the wind) .

Screen Name Redacted

7/08/2024 03:31 PM

We all love people watching and enjoying the company of others. If you go there you expect other people, in fact welcome it.

Screen Name Redacted

7/08/2024 10:19 PM

I live in the area so would simply have more reasons to visit!

Screen Name Redacted

7/09/2024 07:28 PM

More people isn't a bad thing if the toilet facilities and parking can hold up to increased use; if more people come but I have to walk 5

blocks to park, then I'm not coming

Screen Name Redacted

7/10/2024 03:27 PM

It is here for all to enjoy

Screen Name Redacted

7/13/2024 03:18 PM

Still a local place for energetic children, proximity to beach as well as the equipment

Screen Name Redacted

7/14/2024 09:00 AM

Bellerive Beach isn't broken and it doesn't need fixing. All that's required is an upgrade to the toilets and getting rid of the terrible fish and chip shop and replacing it with something half way decent. There's plenty of parking and green space already, the playground is terrific and the beach is lovely. Why are you desperate to develop it further in the absence of any demonstrated demand for such? You are in danger of creating a bunch of services no-one will make use of - I have walked that beach, literally, thousands of times over the last ten years and there's no way an 'equipment hire' business or 'event stage' will ever, ever be cash positive.

Screen Name Redacted

7/17/2024 09:38 AM

It's still a large enough area that we would enjoy it even if more people were there

Screen Name Redacted

7/17/2024 09:43 AM

Happy to still attend if Bellerive becomes busier

Screen Name Redacted

7/17/2024 10:21 AM

Parking is a nightmare.

Screen Name Redacted

7/17/2024 10:28 AM

If the park is excellent, of course more people will use it. I usually time my visits to the park to early mornings when there will be less people around anyway.

Screen Name Redacted

7/17/2024 11:03 AM

If the beach precinct became cluttered with heavy commercial activity it would detract from the relaxed feel.

Screen Name Redacted

7/17/2024 11:16 AM

Some times having more people around just gives you more positive energy

Screen Name Redacted

7/17/2024 11:50 AM

encouraging people to be more active and engaged in community would be a positive outcome for this part of the Clarence region

Screen Name Redacted

7/17/2024 12:12 PM

I'm not super social so it would depend how much space there was to spread out

Screen Name Redacted

7/17/2024 01:58 PM

The qty of people doesn't bother me

Screen Name Redacted

7/17/2024 02:32 PM

If the facilities are made for all family activities this would make it a popular choice.

Screen Name Redacted

7/17/2024 02:40 PM

I live nearby and it is part of my routine to visit the beach either for swimming, walking, kayaking or with grandchildren.

Screen Name Redacted

7/17/2024 03:12 PM

Not enough parking or close by toilets

Screen Name Redacted

7/17/2024 05:47 PM

Id still like to go even if it were busier. It gets busy and there are not enough tables, so more tables would probably help, however the increase in facilities would balance out the increase in attendance and the level of perceived stress would probably go down a bit, so I'd come a bit more often?

Screen Name Redacted

7/17/2024 06:02 PM

The changes to the area would only increase the experienced value of the area for everyone visiting (well, for not for racists who could not care about Aboriginal people nad the history of the land before colonists). It doesnt matter how many would be visiting. 1 or 1thousand.

Screen Name Redacted

7/17/2024 06:30 PM

I like to enjoy beach and wildlife and open spaces not too many people crammed into the small space.

Screen Name Redacted

7/17/2024 07:49 PM

Improved facilities would still make me want to visit more

Screen Name Redacted

7/18/2024 07:09 AM

More people being active is great

Screen Name Redacted

7/18/2024 10:46 PM

It doesn't need to change alter another location

Screen Name Redacted

7/19/2024 04:15 PM

I would still want to be able to park in the area

Screen Name Redacted

7/19/2024 07:22 PM

More people, less dogs

Screen Name Redacted

7/19/2024 07:56 PM

The main reasons we don't visit very often are wind exposure, limited/expensive parking and the presence of dogs. These are unlikely to change based on the improvements listed.

Screen Name Redacted

7/20/2024 12:12 PM

If the space can accommodate the increased volume of people it would be fine - good planning to disperse the crowd with play areas and picnic/bbq areas spread out would help

Screen Name Redacted

7/21/2024 02:02 PM

Parking is terrible when a lot of people go there

Screen Name Redacted

7/23/2024 08:54 AM

It is always a fine Balance. Overcrowding is certainly a detrimental effect.

Screen Name Redacted

7/24/2024 06:49 PM

There's plenty of room for everyone

Screen Name Redacted

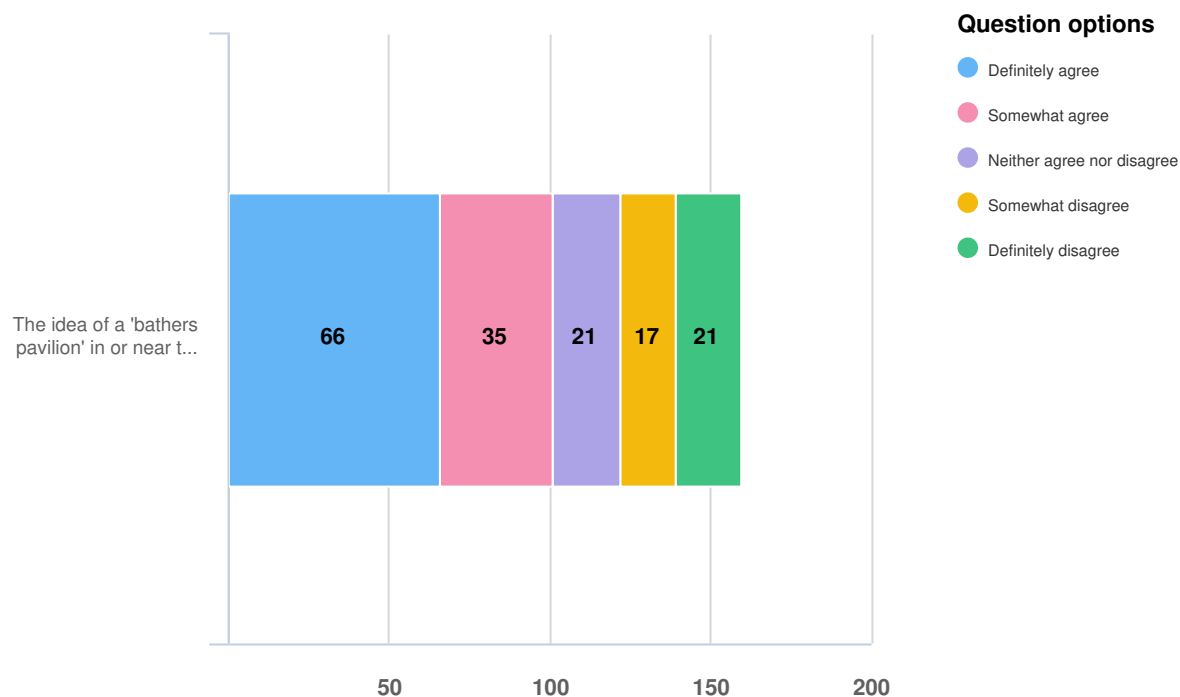

7/25/2024 01:44 PM

We are local residents and the area is where we take our kids. It is an enjoyable family space. More modern facilities would improve it however

| Screen Name Redacted<br>6/07/2024 02:00 PM | From what I have seen commercial partnerships and investments have their own agenda and may not have the best interests of the ratepayers at heart. (Eg, the proposed AFL/AFLW High Performance Centre at Rosny Parklands and Charles Hand Memorial Park.) I think council would be best to go it alone, or use smaller investors, like the food truck option. Something like HCC has in Franklin Square. More flexibility and easier to change the provider if they don't prove popular. |

Screen Name Redacted

6/09/2024 08:42 AM

Do not privatise the park amenities. Keep it natural and not exclusive to those who can afford to buy things there. Don't commercialise or uglify the area. Stop this attitude that it's a business opportunity. Let the coastal area and beach speak for themselves.

Screen Name Redacted

Most certainly not, that is a totally dumb idea if you use some of the existing public land. It will wreck the whole feel of the place. More people will come just for the food and push out those that come here to swim and enjoy the area for what it is. Parking will become a huge hassle and we won't use this area anymore and will go to Nutgrove Beach or Howrah Beach.

Screen Name Redacted

6/29/2024 03:16 AM

Strongly in favour if the tenant/investmant can be secured provided it is suitable for the area but also supports the Bellerive beach space and benefits visitors. I'd point to the Salty Dog hotel in Kingston as an excellent example of what a commercial tenancy could bring to a beach precinct, enlivening the area. Provided there are ongoing uses of bellerive oval this would also work in well with encouraging patrons to spend longer in the immediate area.

Private investment Kayak training and hire 'shop' with at least one or two water wheel chair for hire. Perhaps some small sand play toys - buckets and spades and similar could be available for sale for those who wish to purchase them. Even perhaps a small selection of local souvenirs for sale.

I would be supportive of commercial developments but not right by the beach. Between Chapman and Queen Streets would be more appropriate in my opinion. One of the best features of the beach is the largely intact dune system and the lack of built infrastructure by the beach. No promenade.

Screen Name Redacted

temporary opportunities only such as food trucks, mobile services, mobile equipment hire etc. Built infrastructure should be really limited down to what is absolutely necessary - the space is not very big and the idea of a beach pavillion and cafe/restaurant is hard to reconcile with the space without significant loss of public open space. Public open space at and adjoining Bellerive Beach in this area is unique and should be valued very highly.

Do not agree with any commercial development or partnerships. CCC has a very poor record and lately lack of public consultation and lack of transparency is foremost in my mind. Done deals with developers is their mantra.

Private run cafes/restuarants would be ideal. COuncil could mandate opening/closing hours.

Any commercial investment or partnership which reduces the parkland area must be resisted - retain natural values. The Park must remain a park for the people. The risk with partnerships is sections of the community may be alienated - unable to access without meeting certain requirements. If planning provisions can be made to allow shop development nearby - then perhaps services like equipment hire, food outlets could be provided by investors.

Screen Name Redacted

Anything that made the pavillion happen as soon as possible. anything shuld be on teh table, if it has taken 4 years to go from motion to now, then it will take another 10 years for council to deliver anything if it has to fund it all. A commercial operator can either pay for the access to land or pay for the other infrastructure for community use, either way it means ratepayers get an upgraded area at no cost to them.

It is important to retain as public open space. The commercial stadium precinct already there which has only one small Cafe (which is excellent but small). The fish shop is a good location although needs renovating. The stadium grounds are fenced off and closed up

most of the time - could put food outlets in there along derwent street side. It is a residential area. Public space is well utilised and is important to retain. I would not support privatisation of the area. Agree with having improved public amenities including DDA compliance, storage for beach wheelchair, and open to the idea of beach equipment hire. There is already a public promenade (the bike path) so not clear what else this would entail.

You don't understand PPPs and there is ZERO experience in this State with setting them up or running them. It's easy to throw these terms around because they sound impressive but it's another thing to actually run a PPP in a way that benefits the ratepayer/taxpayer, which historically almost never happens. PPPs are designed to attract private sector investment by mitigating commercial risk and exposing the taxpayer to higher cost. If you can't negotiate successfully with Chambroad and the AFL, why would you think you could possibly run a PPP?

As always, the devil is in the detail. It's important not to overdevelop beach areas. For example, kayaks would need to be restricted towards Howrah. Is it possible to put the cafe restaurant in part of Blundstone Arena, given that the Cricket is looking elsewhere?

I'm disappointed that other areas are not being looked at. All money seems to go to Bellerive. Why? Why not look at improving facilities elsewhere like in Howrah, Tranmere, Lauderdale, or Opossum Bay/South Arm? There is more space there to work with and provide access to. If the money has to go to Bellerive Beach, whatever is built will need wind protection!

Screen Name Redacted

No - just keep it as though it's a beach and coastal zone. No big developments please. Consider removing Blundstone walls and lights and recreating the old community oval feel nearby. Restore some sense of proportion to the area.

State and federal funding - this entire concept drives the idea of healthy communities and improving public health by providing spaces for people to exercise, play and socialise. Federal governments should prioritise improving public health initiatives given the increase in complex and chronic health conditions prevalent amongst the population.

| Screen Name Redacted<br>6/16/2024 09:44 PM | Government investment in updated and improved toilets and showers. Coastal rehabilitation, weed removal and planting of native plants in the area near the toilets and towards the playground (on the beach side). Consider removing the large pine trees near Blundstone Arena and consider how more space could be made public, inviting, safe open space - think about vegetation and the role it plays to structure the space, create natural breaks, natural places for kids to play, but also see if there is a way that more of the space might be made useable. This comment relates to the park space and not to the dune (I think the dune must be protected and rehabilitation is required in some areas as well as ongoing care). |

Safe bike, walking and wheelchair access to the beach from Bellerive Quay area (ferry) via Queen street could be improved. #1 PRIORITY - FIX THE TOILETS AND CHANGE FACILITIES - and consult with users as to their design before you build something which doesn't work. PLEASE stop wasting money on disfunctional design and interstate contractors who take no responsibility for dodgy work.

The council definitely should not pay to build a pavillion. The operator should design and build something that includes all the amenities. The operator then pays a lease for the land, which can be reduced to take into account the other public amenities provided. This is a win for everyone and will deliver something much sooner than what it takes to get things done now. If you can get extra grants for the public amenities then great, but the pavillion should be privately funded.

The dogs on the beach are very off-putting, especially as we have young kids. Irresponsible dog owners let their dog off the leash, and they come up to our young kids which is dangerous. During summer time, dogs are permitted before 10am. This time should be 8am, as young kids try to go to the beach early to beat the heat (sunsmart)

I also think there should be an age limit on equipment as there are often teenagers running around in there with young kids and are doing dangerous things. A kids bike riding area would be great or set ups like volley ball nets etc to encourage families to get outdoors. Some more shaded seating would be great for warmer months and breast feeding friendly areas. |

I would add a roof and softfall floor over an upgradred exercise area to allow sessions to be held in all weather, but i would also invite other fitness and allied health operators to deliver sessions in this location. With a wider range of providers and times this facility will reach much more people. Providers can eitther make teh sessiosn free as acome and try or offer paid sessions if demand is there. the current model is not the best or only options to encourage extra participation.

Maybe get rid of the fish bar as it smells on a really nice day and is so expensive. Have something healthier.

Please consider this plan along with the Victoria Esplanade and Queen st plan. The road changes to vict Espl and the intersection with queen st suggested in that last plan are very complex and do not consider pedestrsin and traffic flow well enough to ensure safe movements of both.

We live so close to Bellerive park but don't go often due to the park being too small to accommodate the visitors and the lack of facilities for children to exercise (eg no bike track, basketball etc) we drive to Kingston and take the kids bikes and basketballs with us when we could have the same thing down the road if you can make it happen! Sad thing is a lot of local families do the same and prefer to travel to Kingston to enjoy the better facilities than stay local.

Save Rosny parks. There are too few parks in Clarence, particularly the Bellerive area, a neighboring suburb to Rosny

I would like to plead with you to stop planning and start delivering. The masterplans for this area are like just about every other one in our city. They get developed and never delivered. The Bluff Foreshore Masterplan is but one embarrassing example of such. Former Cr Ewington's motion referred to in this survey is going on for four years old. That begs the question for me now, what on earth have we been doing since then? Please, please, please - can we just decide then deliver. I started talking to Doug Chipman 16yrs ago about the Bellerive Village through to Bellerive Beach Park (via the foreshore) area and still effectively nothing has been done. Meanwhile there's barely a project in Lindisfarne for example gone untended. If we want to attract visitors and therefore investment to our city then we must focus some resources on this area. Thanks for consulting again but with respect I repeat, PLEASE just deliver us a complete project. Somewhere! Anywhere! (other than Lindisfarne)

Think small, not big. Bellerive is a stunning area that only requires some small upgrades to improve its accessibility by all and to improve its function.

Screen Name Redacted

6/09/2024 08:42 AM

When I go out for exercise and to refresh and socialise I want to take my dog. Please open up more of this social space for families to bring their dog. Currently having to stay on the track means you get yelled at and brushed by, by joggers, bikes, scooters and prams. Dogs need to be able to get away from these threats. Need more than one 'shared' trail, and a reminder that faster traffic doesn't have license to be rude to those at walking pace. Don't create more friction with accidents involving hot drinks and food around the tracks and park.

I would like to say we feel very happy, that we have always lived in the area, and honestly I think the Clarence City Council do a wonderful job with all our amenities. We do appreciate this. Thank you, regards Brad and Annette.

Fundamentally the facilities are fine for the area, would just like to see them maintained to a higher standard.

Screen Name Redacted

These food and drinks places are really all it needs. The fish bar could do with a modest redevelopment. If the seating capacity is

increased it will need a lot more parking and that once again defeats the reason most people come to the area and use it.

Screen Name Redacted

6/12/2024 04:05 PM

There are a lot of single retired residents who walk on both Bellerive and Howrah beach in search of social interaction, particularly with those with their dogs A Clarence community Centre would be a wonderful addition to the area Anything that involves and will bring the Clarence community together Charity raising functions, quiz events Bingo events, easy and socially acceptable activities. Craft mornings where any residents can attend, bring a p,ate and have a cuppa. A community adult education set up. Talks with a cuppa Old Rosny course course would be ideal. Next to Eastland, .public transport available for those who don't drive. Beautiful green peaceful surroundings Community is very important to mental and physical health

Bellerive Bech Park cannot be all things for all people. For example, constructing a stage to turn the Park into an events venue should be resisted. Maintain the focus on family friendly spaces and activities.

Screen Name Redacted

7/01/2024 11:07 AM

Beautiful beach area which could be utilised more if facilities were provided. Cafe. Better exercise area. Also, exercise sessions more suited to men as fitness in the park is more for older women. E.g. social soccer.

Screen Name Redacted

7/02/2024 10:10 PM

The area is special, it could do with some sensitive development but be careful not to overdo it and make it too commercial

Screen Name Redacted

7/08/2024 02:53 PM

Clarence ratepayers are fed up with Council ignoring expensive community consultation processes (i.e. Rosny Parklands to be given away for AFL training instead of what is clearly articulated as the people's wishes in The City Heart plan ). Our wild and green areas are extremely precious and will become even more so as our population increases. Clarence should put its money where its mouth is when planning for a 'liveable city' and follow best best practice in areas of safety, infrastructure for healthy living and environmental and economic sustainability, and take into consideration how planning decisions will affect all its citizens, not just a few.

Screen Name Redacted

7/08/2024 03:31 PM

the area shoukld also include activities for 12 years and up. At present the park is for toddlers and theer needs to be a ninja trail or other things like basketball, pickleball, volleyball to make kids get out and be active. Shwers aer essential to allow increased uptake of ocean swimming and paddle sports, essntially the area shoudl be a hub for exercsie, recreation and just as important;y socialising and creating community cohesion. But please work on making it happen now and not in 10 or 15 years time. Linking in with the coastal trail makes this the jewel in teh crown for Clarence that will eventually bring people form all over the Hobart and beyond to spend time in our city.

Screen Name Redacted

7/10/2024 03:27 PM

Do not complicated it.

Screen Name Redacted

7/13/2024 03:18 PM

Please, please, please ... for once as a Council ... ask first whether any change is needed, and whether there's any demonstrable demand for change, before making change for change's sake.

Screen Name Redacted

This is a huge opportunity for the Clarence region and together with the High performance Centre this could be seen as a significant value add for community space investment that will go someway towards securing a positive future for this region of the Clarence Municipality. Be prepared to think big, be bold and with due diligence make Clarence great well into the future!

Screen Name Redacted

Use the money elsewhere. Build nature playgrounds like we do in Denmark in the big parks, Rosny (on top in the Lookout Park or in the less than mediocre playground along the foreshore in the Rosny Coastal Reserve park towards Montagu Bay/Tasmana Bridge), or in

the Waverly Flora Park, or the Gordons Hill Nature Recreation Area. Bellerive already has lots. You only make the affluent and well educated mor einclined to stay where they are, instead of developing the whole of the council area.

Screen Name Redacted

7/17/2024 07:49 PM

You don't need to change anything about Bellerive beach how about considering upgrading another area Bellerive has had an upgrade already... you have removed play equipment from Wentworth play park years ago and said you were going to replace it and nothing has happened it is a massive area that is just to waste when it could be utilised and have so much there for families and kids to do
