**Q3** **If you answered 'dissatisfied' or 'very dissatisfied' for any facilities in Question 2, please briefly explain why**

| | |
|---|---|
| Screen Name Redacted<br>9/23/2023 10:22 AM | Not enough safe walking trails. Not enough things for kids and older adults. Especially older adults. Not enough basketball courts |
| Screen Name Redacted<br>9/25/2023 02:36 PM | More information on activities available |
| Screen Name Redacted<br>10/03/2023 02:46 PM | Lack of access to suitable facilities mostly due to demand, or quality of facility. |
| Screen Name Redacted<br>10/03/2023 02:51 PM | I haven't answered "dissatisfied" but finding it hard to understand why there is no mention of aquatic facilities/activities for young people and older people. All the above activities are very important for different ages in the community but obviously i cannot say whether all the facilities are adequate. I can only speak about the facilities I use which is the Clarence Swimming Pool. |
| Screen Name Redacted<br>10/06/2023 03:26 PM | There are no netball courts or athletic tracks on the eastern shore at the required standards for competitions/games |
| Screen Name Redacted<br>10/06/2023 05:38 PM | Edgeworth St in particular needs significant improvement with toilet and change facilities. Mornington citywide gym facilities for gymnastics are also very tired and in need of improvement. There’s a general lack of sports grounds generally. |
| Screen Name Redacted<br>10/06/2023 06:36 PM | My interest is tennis and I am aware of only minimal provision of activities and programs at any age level and a declining participation in adult and older adult tennis |
| Screen Name Redacted<br>10/06/2023 10:42 PM | More and higher quality soccer facilities are badly needed to meet needs of booming participation but Warrior Park for example is a ver poor facility. Wentworth Park is fantastic and hosting the Hobart Cup this year showcased the high quality facilities - although difficult to view the action. It would be great to see some ‘caged’ outdoor spaces such as for outdoor futsal / urban soccer for friends just to gather and have a kick. More multi-use courts too for casual use. |
| Screen Name Redacted<br>10/07/2023 09:08 PM | Stadiums such as Clarence and Warrane have not had any signficant work to them in decades with no new infrastucture to replace. |

| | |
|---|---|
| Screen Name Redacted<br>10/07/2023 09:20 PM | There's are not enough cricket grounds around with clubrooms for teams to use to socialise after the game. MacKillop CC are sharing a ground with no access to the bar and no clubrooms to store and display trophies |
| Screen Name Redacted<br>10/08/2023 08:55 AM | Limited options of sports fields or council removes bike tracks locally built which were in a great spot eg Roscommon reserve |
| Screen Name Redacted<br>10/08/2023 10:05 AM | Changerooms clubrooms and toilets need a big upgrade at Anzac park . And geilstobay no 2 needs toilets changerooms and lights a lot of sports and trainings being done on that ground since it's been done up . And also I would be nice to see junior sporting clubs looked after please with hire fees please the cost of living ect has gone up a lot and family's and clubs are struggling . |
| Screen Name Redacted<br>10/08/2023 10:26 AM | Clarence basketball stadium needs upgrading and additional courts added (use the wasted space on the bridge side). Warrane stadium needs an additional court, and it would be great for an additional facility in Cambridge |
| Screen Name Redacted<br>10/08/2023 10:39 AM | Our young children are keen to get back it footy preseason but always blocked by cricket. They monopolise ovals which is not ok. Our Tassie kids are always at a disadvantage when it comes to football. |
| Screen Name Redacted<br>10/08/2023 02:13 PM | N/a |
| Screen Name Redacted<br>10/08/2023 03:27 PM | I get pushed off the walking track sound Bellive by speedsters on their bikes scooters or other weird e things I don’t feel safe to walk or exercise many places. There is little for older people to do yet we must remain active. I’m not into bowls or croquet I try to use the gym facilities at the beach park but young kids are using it as play equipment when their area is full We get shunted out of everywhere. Older or disabled want to do more than just exist. |
| Screen Name Redacted<br>10/08/2023 03:47 PM | Lack of free to use or opening times. We all work odd hours these days and so these need to be available at all hours. |
| Screen Name Redacted | Edgeworth oval toilets are disgusting. Geilstin Bay soccer field it's |

| | |
|---|---|
| 10/08/2023 05:08 PM | dangerous cars parking at top of hill if a handbrake fails. |
| Screen Name Redacted<br>10/08/2023 05:21 PM | Pickleball is the fastest growing sport in the world. No outdoor facilities and very limited indoor facilities. |
| Screen Name Redacted<br>10/08/2023 05:41 PM | There is no indoor cricket facility, or cricket facility in general on the eastern shore now. THere should be advertising for the games every where in the city. There should be use of the outdoor nets at bellerive oval. Not enough smaller length sports for adults or facilities. I host training for groups of around 10-20 arm wrestlers and there is no venue what so ever. I personally compete and am ranked nationally. |
| Screen Name Redacted<br>10/08/2023 08:03 PM | The City's outdoor sporting facilities have not kept pace with demand particularly in relation to cricket and AFL. |
| Screen Name Redacted<br>10/08/2023 08:14 PM | My son is required to travel to Ponyville in order to play cricket for Clarence. |
| Screen Name Redacted<br>10/08/2023 08:19 PM | There are no quality indoor/outdoor netball courts in Clarence. With a growing number of young people joining the sport each year it's sad that there isn't a facility in their own municipality that is of quality and accessible |
| Screen Name Redacted<br>10/08/2023 10:51 PM | Because kangaroo bay is the only home ground for the Clarence cricket club and the u16 boys do not get a single game on the ground. But instead have to travel 40 minutes to Brighton for a 'home' game. |
| Screen Name Redacted<br>10/09/2023 07:13 AM | Older people are very poorly catered for in our community |
| Screen Name Redacted<br>10/09/2023 09:44 AM | I am not dissatisfied |
| Screen Name Redacted<br>10/09/2023 06:56 PM | There are not enough AFL fields with lights and changerooms - Anzac Park needs an upgrade |
| Screen Name Redacted<br>10/09/2023 09:58 PM | There isn't anywhere you can play hockey on the eastern shore. There is only one facility in the south of the state, only 3 in the whole state. Also you've left swimming off the list? Clarence Pool could |

| | |
|---|---|
| | benefit from slightly longer opening hours so people could swim after work. |
| Screen Name Redacted<br>10/10/2023 06:45 AM | ? |
| Screen Name Redacted<br>10/10/2023 07:31 AM | We need more facilities for outdoor non organised activities too rather than always focusing on organised team sports. These activities are available to all and are cheaper to access so therefore of more value to the community. Ie walking, recreational cycling, roller blading, scootering, roller skating, kayaking, bush walking, stand up paddle boarding, running, etc. We need more launching, wash down and change room facilities for non motorised water sports. In addition Fitness in the Park is a great initiative for a group activity. Not everyone who wants to be active wants to do a team sport. Perhaps a Yoga equivalent program could be offered. It was very sad to see the ice skating rink close. Another non team sport ignored primarily by the State but also Local Government.. Stop funding AFL facilities so heavily, and spread the money around a wider range of activities and for the community. |
| Screen Name Redacted<br>10/10/2023 07:36 AM | As women's sporting activities increase the pressure on venues increases. These pressures are increasing across all age groups for women and men. People know they need to be more active to achieve better life styles both physically and mentally. One example is the growth of pickle ball in the older community. Currently it is played on Bainton courts but new courts designed for the sport are appearing around the country. Finding for amateurs must be under the pump when our state government is hell bent on spending vast amounts of money on professional sports like football and a new stadium. |
| Screen Name Redacted<br>10/10/2023 07:51 AM | As president of the CDCC, I believe I can speak on behalf of our board, and it is fair to say the club is disappointed with the lack of progress on a 3rd turf wicket in our municipality to share with the Lindisfarne cricket club. Why should our club pay hire rates for grounds outside our municipality? Why do our younger players have to travel outside our municipality to play home games elsewhere. Friday night to do covers, Saturday morning to do covers. The club has lobbied the CCC over the last 4 to 5 years with no progress and no real answers. |
| Screen Name Redacted<br>10/10/2023 10:34 AM | Pickleball is a growing sport, there needs to be a purpose built venue which could also be used for badminton. |

| | |
|---|---|
| Screen Name Redacted<br>10/10/2023 01:38 PM | Many of the facilities in Clarence are outdated and old |
| Screen Name Redacted<br>10/10/2023 08:14 PM | Mostly I don't know enough about them to comment. |
| Screen Name Redacted<br>10/11/2023 08:06 AM | Verges on Major roads are unsafe for cyclist due to narrow verges. |
| Screen Name Redacted<br>10/11/2023 08:40 AM | I'm not aware of any indoor sports facilities besides school based gymnasiums and the squash court on Cambridge road. I'm not aware of any dedicated athletics facilities. |
| Screen Name Redacted<br>10/11/2023 10:15 AM | Indoor facilities are in a very poor state, leaking roofs where sport has been called off just because of rain. Certain football ovals are being utilised past there maximum capabilities having multiple teams play and train every day of the week not letting the ground rest. More facilities are required. |
| Screen Name Redacted<br>10/11/2023 01:30 PM | Clarence Sports Centre is old and run-down. Clarence needs a new indoor multi-sport faciilty to cater to basketball, pickleball etc. The Council should build and operate such a facility like most of the NW councils do (eg Ulverstone, Penguin, Devonport, Wynyard, Somerset, Burnie sports centres). |
| Screen Name Redacted<br>10/11/2023 03:25 PM | Poor communication to elderly who live independently on what may be available for them. |
| Screen Name Redacted<br>10/11/2023 06:53 PM | Desperately need more croquet lawns to allow sport to develop .Essential for maintaining health and well being for a big, wide, group of people. |
| Screen Name Redacted<br>10/12/2023 11:56 AM | We need designated pickleball courts |
| Screen Name Redacted<br>10/12/2023 12:20 PM | soccer facilities on the eastern shore are the worst in Tasmania compared to all other council grounds statewide |

| | |
|---|---|
| Screen Name Redacted<br>10/12/2023 06:45 PM | We need a dedicated indoor Pickleball facility. It is the fastest growing sport in USA and will boom here too with appropriate infrastructure. All ages can play. Great for older people who can no longer play sports like tennis. |
| Screen Name Redacted<br>10/12/2023 08:54 PM | No consideration is given to croquet players. Councils in the North of the state have been much more helpful. Croquet is a growing activity and to include the younger generation more help is needed to increase croquet lawns. |
| Screen Name Redacted<br>10/12/2023 10:12 PM | For over 6 years now the Croquet club of Eastern shore has repeatedly lobbied the CCC regarding our needs and provided detailed plans and cost estimates. ALL TO NO AVAIL and after at least 4 meetings with senior officials and promises NOT ONE STEP FORWARD has been achieved. The remarkable thing is that the CCC could make a considerable profit from the expansion .TRY AND SHOW ME ANY OTHER PROPOSAL WHERE THIS HAS EVER HAPPENED. Quite obviously CCC, apart from all tthe assurancees to the effect that CCC is really interested in the older generation must be a moot point or they really would listen to us. To say this is satisfactory is a long way from the truth. Incidentally, how much is this consultancy going to cost.CCC employed a firm from Queensland for exactly the same thing.and then CCC Ignored it. Yes I'm a crotchety old 82 year old croquet player who has a silent council on some things. |
| Screen Name Redacted<br>10/12/2023 11:12 PM | I'd like to see a better gymnastics centre at Clarence. My boys had to move to Kingborough sports centre to progress in this sport. It will be great to have a badminton centre. Also, it is very difficult to cycle to mountain bike trails. Mornington roundabout pedestrian / cycling crossing is overdue. |
| Screen Name Redacted<br>10/13/2023 07:14 AM | N/A |
| Screen Name Redacted<br>10/13/2023 08:01 AM | Appear lacking in comparison to other councils |
| Screen Name Redacted<br>10/13/2023 04:03 PM | Eastern Shore only has 2 croquet lawns with possibly the highest membership. We are severely disadvantaged compared to all other Southern clubs which have 3 or more. The infill of housing next door has benefited neither the Club nor the residents. Urgent consideration should be given to ensure more suitable space is allowed for. |

Croquet Bellerive which holds Australian, Interstate and Tasmanian competitions, requires a third or or 4th green. Currently we only have e 2 greens with increasing numbers of members also.

Screen Name Redacted

We are outgrown g the croquet club/lawns in Bellerive and need to expand to three lawns.

Not enough indoor Pickleball courts

Pickleball is the fastest growing sport in Australia and winner of the Tasmanian Community Achievement Awards - Active Tasmania award. With our ageing population, if the growth trend continuous this sport will be huge in a few years. Whilst we currently use the Clarence sports stadium, we are low in priority for use behind other sports, the facility is inadequate in: size, player seating, spectator seating, court proximity to each other, linemarking, surface quality, admin facilities, and storage. A multi-purpose centre with on-site staff link kingborough would be ideal.

Screen Name Redacted

Pickleball has given me the opportunity to keep active and make huge improvements to my fitness at the age of 64. We use the basketball courts at the Clarence Sports Centre where some of the courts have been marked up with 4 Pickleball courts and on the other basketball court we use the 4 badminton line courts. The facility has seating which is far too close to the base lines which has resulted in injuries when players who are trying to return balls run into the seating. The side lines are also too close as players from adjacent courts can run into each other when returning balls. The floor is uneven on the top court. The sport is growing at a very fast rate as it is suitable for every age bracket and any skill level. Pickleball Tasmania has achieved remarkable success, introducing the sport to over 2000 participants monthly across Tasmania. Their inclusive approach transcends age and ability, fostering a fun and social environment. By forming the Pickleball Association of Tasmania and aligning with national bodies, they've facilitated state-wide growth, with over 400 members now actively engaged. Pickleball Tasmania's strategic planning involves the community, ensuring a clear vision and mission. Research reveals the sport's positive impacts on mental, social, and physical well-being. Overcoming resource and startup cost barriers, they've made pickleball accessible and increased facility usage, enhancing community health and vitality.

Athletics does not appear to have a dedicated home field with facilities for the public to utilise. School holiday sports programs appear to be driven by the private sector utilising council grounds. If other options exist, then they are not well advertised.

Screen Name Redacted
10/16/2023 10:21 AM

Hockey only has facilities at New Town which stunts growth of the sport. Another facility somewhere like Cambridge would enable people who live further out of the CBD to participate.

Screen Name Redacted
10/16/2023 04:59 PM

There is a general lack of outdoor and indoor sports facilities in Clarence municipality! Especially AFL, bowls and netball on the earshore. There is also a huge need for cycle ways and paths! There are a range a community sports clubs that do a great job with limited resources and inadequate support from the CCC! An recent example is the lack of a plan for the ROSNY Golf course land.This site would be ideal for the new AFL/AFLW training facility!

Screen Name Redacted
10/18/2023 10:48 AM

Because CCC do not consider athletics/running at all. As a distance runner, all the regular running options are being turned into concrete, and there are no designated options for a running course such as Maxs Infinity Loop on the Domain (Hobart Council). There are so many areas that could have a marked 2-3km loop, not on concrete and not open to cyclists/dogs, so that runners could do training/runs on that area.

Screen Name Redacted
10/18/2023 12:18 PM

CCC has a history of a prescriptive approach to sport and rec infrastructure- spending money on traditional sports with declining participation rates rather than using participation data to support current recreation use patterns.

Screen Name Redacted

Insufficent amount of basketball courts.

Screen Name Redacted
10/18/2023 01:43 PM

the only facility i know is the clarance basketball centre next to the pool and i dont think any work has been done on this facilty for 30 years, i would still be the same as it was when i was a kid. I douldnt know where to go for other sports in the clarance community, if they exist they are not well communicated

| | |
|---|---|
| Screen Name Redacted<br>10/18/2023 02:45 PM | . |
| Screen Name Redacted<br>10/18/2023 06:07 PM | There are very few futsal courts and no socially orientated ones. Focus on hyper competitive only for kids. |
| Screen Name Redacted<br>10/18/2023 09:46 PM | All the programs in bellerive seem to be targeted at old people. Grey hair, retirees. Go to any "fitness in the park" event and it's a sea of grey. Which is fantastic... but there's not much for the young ones. Same for a lot of events in clarence, full of grey haired older types... clarence should do more to get the younger and more livey and energetic people to events, make it more fun and dynamic! |
| Screen Name Redacted<br>10/19/2023 08:12 AM | Accessibility for netball courts and tennis courts is limited. All facilities are behind lock and key, and are generally in a deteriorating or very deteriorated condition. There is no opportunity for casual sports recreation using these facilities, all opportunities require expensive organised options (club) |
| Screen Name Redacted<br>10/19/2023 08:36 AM | Many facilities require upgrades |
| Screen Name Redacted<br>10/19/2023 08:49 AM | I think there could be more investment in gender-safe facilities across the Clarence Council ran grounds. Many of the change and bathroom facilities are sub par. Some facilities don't even have access to nearby toilet facilities, which is a challenge for families to safely use the sports grounds. I don't think the council offers enough programs for the residents of Clarence, particularly during the school holiday periods. |
| Screen Name Redacted<br>10/19/2023 09:03 AM | Upgraded facilities needed at North warrane. Wider pitch no clubroom facilities |
| Screen Name Redacted<br>10/19/2023 10:45 AM | Facilities existing need upgrade. Rather than new facility. |
| Screen Name Redacted<br>10/19/2023 11:07 AM | Current basketball facilities are poor and haven't been updated in a long time. Lack of indoor basketball courts available. |
| Screen Name Redacted | None |

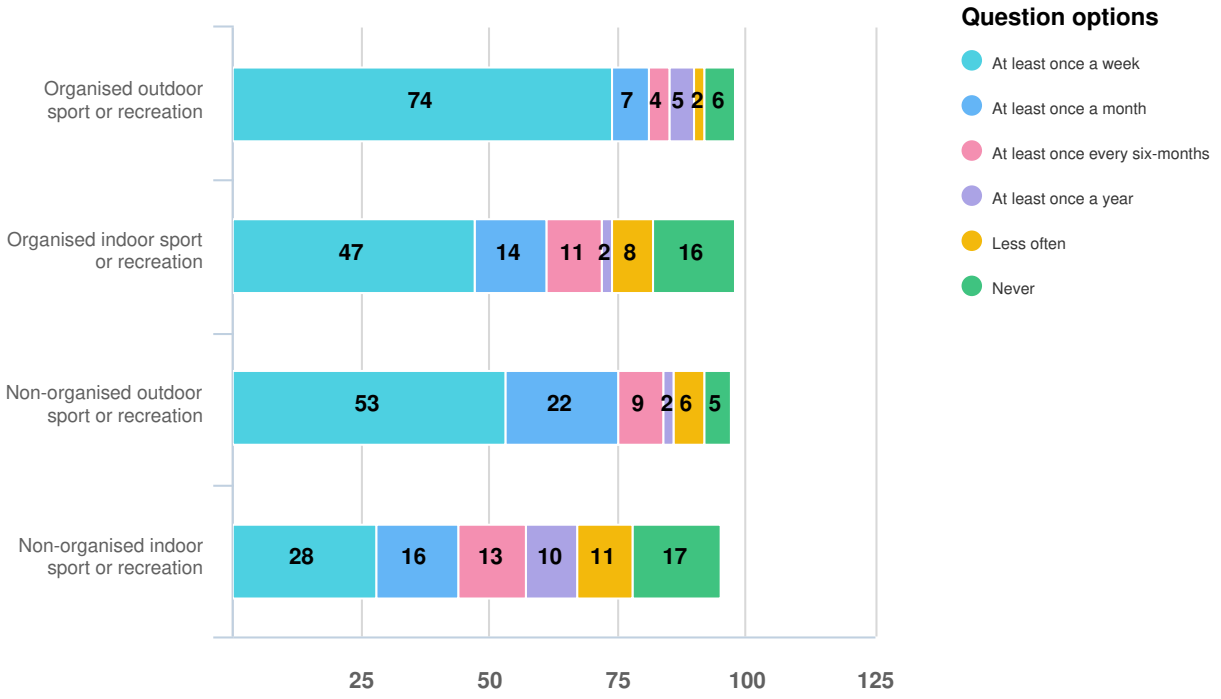

| | |
|---|---|
| 10/19/2023 09:08 PM | |
| Screen Name Redacted<br>10/19/2023 09:15 PM | Indoor Clarence stadium leaks and is serverely in need of renovation of flooring for basketball etc. courts and rings are terrible and under viable. |
| Screen Name Redacted<br>10/19/2023 09:20 PM | Not enough options available and many that are aren't maintained or kept to modern standards. |
| Screen Name Redacted<br>10/20/2023 06:06 AM | Facilities out of date and somewhat unsafe. Eg around cricket pitches |
| Screen Name Redacted<br>10/20/2023 06:57 AM | Need to encourage participation. Need to ensure all grounds are suitable for use and have toilet and wheel chair access |
| Screen Name Redacted<br>10/20/2023 09:04 AM | Cricket grounds are in shocking condition |
| Screen Name Redacted<br>10/20/2023 02:21 PM | Facilities are old and run down. Not up to standard. |
| Screen Name Redacted<br>10/20/2023 05:00 PM | There are not enough football and basketball facilities to cater for junior and adult participation in these sports |
| Screen Name Redacted<br>10/21/2023 06:08 AM | No ability to play tennis indoors, even a few courts in a dome, bubble or shed! |
| Screen Name Redacted<br>10/21/2023 08:19 AM | N/a |
| Screen Name Redacted<br>10/21/2023 09:15 AM | Basketball stadiums are so outdated, nothing has changed in the 30 years since my children played. Not enough stadiums/courts for the numbers wanting to play. They are used for more than just basketball. |
| Screen Name Redacted<br>10/21/2023 09:16 AM | Council well caters for most activities. Probably better than other local councils but female demands have increased to extent better services are needed |

| | |
|---|---|
| Screen Name Redacted<br>10/23/2023 05:44 PM | Huge lack in basketball facilities that have not change in 40 years. More courts needs and not just a small fix. Need a dedicated facility that matches Kingston etc Netball, do we have any in CCC anymore? With the population on the eastern shore, facilities like gymnastics need to be better |
| Screen Name Redacted<br>10/23/2023 09:44 PM | The Clarence area is in need of sports facilities and areas for kids to be able to ride to themselves and enjoy simple facilities. They get to an age where they outgrown parks and want somewhere else where they can independently ride to and meet their mates. Simple small mtn pump track, basketball hoops and cricket nets. Must be easily accessible for them. There are.no indoor cricket nets to hire other than travel to the Kingston where they have wonderful facilities. |
| Screen Name Redacted<br>10/25/2023 10:24 AM | I am directly involved with the strongest junior grassroots Clarence based basketball club. We currently are fighting for use of Warrane for our local children with the Hobart Chargers, and another junior club who is the overarching club for smaller clubs including Cavaliers, New Norfolk and Wellington. Wellington was Hobart based and New Norfolk is obviously not a clarence based club. The court hire fees paid by the junior clubs are far far more thsn the 'set' blanket per year fee the Hobart Chargers pay. They are using the court a minimum of 3 times per week, often up to 10 hours per week. This leaves little time for our junior club who is the Clarence demographic 100% to use the court. The management of the facility is completely inappropriate with the current leasor (Southern Tas Basketall Leagues/STBL) serving absolutely no purpose as they hsve ot run any competitiond for many, many years. Add in to that they do not run abiding by their constitution and have a person purporting to run it who has a significant conflict of interest, being heavily involved with the Hobart Chargers. He has also now allowed another junior club based at Lauderdale who has sole use of the Lauderdale Primary School gym (branded as the Grenadiers fishbowl) to hire Warrane. Dominoes is the only truly whole Clarence juniorclub and we are being pushed out of a stadium that should be predominantly for our use for our 50 teams of LOCAL children |
| Screen Name Redacted<br>10/25/2023 02:55 PM | Basketball courts are very limited and in desperate need of further attention. Also extremely political between clubs. Ideal facilities for juniors seem to play second fiddle to Hobart-based senior clubs at times. |
| Screen Name Redacted<br>10/25/2023 07:29 PM | We need more sports activities for every age group. |

| | |
|---|---|
| Screen Name Redacted<br>10/26/2023 02:04 PM | Access to basketball courts is very problematic for my family and basketball club. |
| Screen Name Redacted<br>10/26/2023 07:13 PM | Soccer facilities (especially juinior) are atrocious, afl seems to get all the funding. |

| Screen Name Redacted<br>10/31/2023 04:50 PM | There are no indoor/training cricket facilities mentioned at all in this question. On the eastern shore there are none except at Blundstone arena that cannot be used, whereas there are 3 facilities on the western shore. |
| Screen Name Redacted<br>11/06/2023 07:33 PM | Where are the pool and swimming options? Clarence Pool is not enough anymore. |
| Screen Name Redacted<br>11/07/2023 09:33 AM | Lord of the Hounds. |
| Screen Name Redacted<br>11/07/2023 10:05 AM | I use the swimming pool but that wasn't included in the questions |
| Screen Name Redacted<br>11/07/2023 10:21 AM | Barely any Netball Courts, quality of those that CCC has are below-par. |
| Screen Name Redacted<br>11/07/2023 10:27 AM | Too much focus on technical MTB tracks and not enough scope to develop trail rides across the reserves. |
| Screen Name Redacted<br>11/07/2023 10:28 AM | There is little to none of these publicly open within the Clarence area, so travelling over the river is required to participate. |

| | |
|---|---|
| Screen Name Redacted<br>9/23/2023 10:22 AM | Buidl the Sports Precinct at Bayview as quickly as possible |
| Screen Name Redacted<br>9/25/2023 02:36 PM | Maybe more information about activities (local community based groups) for participation rather than competitive for adults to be involved in. Clarence pool often not available during the day due to carnival bookings so for Clarence residents who would travel to swim at Glenorchy during oct-dec and feb-mar, this option is now not available so Clarence needs to look at how to improve aquatic options for growing water sports and non competitive lap swimming etc. |
| Screen Name Redacted<br>10/03/2023 02:46 PM | Work with schools in the area to allow access to schools, look at joint funding with clubs to improve facility quality where necessary. (Clarence High School example - redevelopment of oval/clubrooms) |
| Screen Name Redacted<br>10/03/2023 02:51 PM | The Council should maintain the swimming pool/aquatic centre. Whilst adequate, it's becoming slightly old. We wouldn't want it to go the same way as the Glenorchy pool, closed arbitrarily by the Council. |
| Screen Name Redacted<br>10/06/2023 03:26 PM | We have 2 adults and 2 children who play netball, there are no suitable facilities on the eastern shore, the facilities in creek road and AYC are full and finding training and game space is difficult. Being members of "eastern shore jets netball club" it would be great to have am eastern shore based training/game rotation facility. My daughter aged 9 also competes in little athletics. If we had a track similar to the domain opposed to using clarence high school she would improve her qualifying times as each time she competes at the domain she runs faster times due to improved facilities and track surfacing. |
| Screen Name Redacted<br>10/06/2023 05:38 PM | Improved toilet and change room facilities, better lighting and surfacing |
| Screen Name Redacted<br>10/06/2023 06:36 PM | Consider amalgamation of sporting facilities and appointment of a manager of both the facilities and all types of play. |
| Screen Name Redacted<br>10/07/2023 09:08 PM | Provide better facilities and upgrades to existing basketball stadiums, or have a plan in place to replace them if no funds will be put towards |

| Screen Name Redacted<br>10/07/2023 09:20 PM | More grounds with Clubrooms for teams to use, especially with a bar that we could use to fund-raiser and hold events |
| Screen Name Redacted<br>10/08/2023 08:55 AM | Update facilities & creating new facilities/ spaces for recreational sport involvement |
| Screen Name Redacted<br>10/08/2023 10:05 AM | All the things I wrote in the last box please |
| Screen Name Redacted<br>10/08/2023 10:26 AM | Question 6 won’t allow multiple answers, we are involved in basketball, soccer and AFL. Create more basketball courts and safe spaces for kids to go and enjoy sport and socialability |
| Screen Name Redacted<br>10/08/2023 10:39 AM | Basketball courts need upgrading to follow the northern Tasmanian ones so we can start holding tournaments so we don’t always need to travel. Aussie rules needs to be seen as important from the junior clubs up so they aren’t behind the rest of Australia. They need to be able to train and have clinics more often without having to travel to far from club area |
| Screen Name Redacted<br>10/08/2023 03:27 PM | Be inclusive of older people. We walk we do this chi we swim none of which are considered in Clarence. |
| Screen Name Redacted<br>10/08/2023 03:47 PM | Open access, late evening lighting, available toilets after-hours, set orienteering course and dedicated geocaching trails |
| Screen Name Redacted<br>10/08/2023 05:21 PM | Please create more facilities, we compete at national level outdoors without having any local facilities!! |
| Screen Name Redacted<br>10/08/2023 05:41 PM | Build more indoor sports centres, theres nothing for cricket and it is the #2 sport in the world and our national sport. With 2 Australian Ashes winning cricketers from the area just in the last decade. A venue to train arm wrestling that is indoors. |
| Screen Name Redacted | Increase the quantity of sports grounds in the municipality. |

| Screen Name Redacted<br>10/08/2023 10:51 PM | Make a new ground or replace a synthetic cricket pitch in a turf pitch |
| Screen Name Redacted<br>10/09/2023 06:56 PM | More AFL grounds with lights and changerooms for training and games. Anzac park needs a massive upgrade with the facilities |
| Screen Name Redacted<br>10/09/2023 09:58 PM | Open the pool later please |
| Screen Name Redacted<br>10/10/2023 06:45 AM | We need a multi sport stadium Re Kingston and Sorell |
| Screen Name Redacted<br>10/10/2023 07:31 AM | We need more facilities for outdoor non organised activities too rather than always focusing on organised team sports. These activities are available to all and are cheaper to access so therefore of more value to the community. Ie walking, recreational cycling, roller blading, scootering, roller skating, kayaking, bush walking, stand up paddle boarding, running, etc. We need more launching, wash down and change room facilities for non motorised water sports. In addition Fitness in the Park is a great initiative for a group activity. Not everyone who wants to be active wants to do a team sport. Perhaps a Yoga equivalent program could be offered. It was very sad to see the ice skating rink close. Another non team sport ignored primarily by the State but also Local Government.. Stop funding AFL facilities so heavily, and spread the money around a wider range of activities and for the community. |
| Screen Name Redacted<br>10/10/2023 07:36 AM | Pickleball needs indoor courts. |
| Screen Name Redacted<br>10/10/2023 07:51 AM | Build a 3rd turf wicket in our municipality for LCC and CDDC to share. This is even more important with the growth in the game, including the women's program. |

|---|---|
| Screen Name Redacted<br>10/10/2023 10:34 AM | Build a stadium for pickleball. |
| Screen Name Redacted<br>10/10/2023 01:38 PM | Make the facilities more multipurpose and have council run activities that are popular |
| Screen Name Redacted<br>10/10/2023 08:14 PM | Pickleball is booming and accessible to all ages and abilities. |
| Screen Name Redacted<br>10/11/2023 08:06 AM | Kayak friendly launching facilities at boat ramps. Install kayak friendly pontoons in Kangaroo Bay |
| Screen Name Redacted<br>10/11/2023 10:15 AM | Look at creating more sporting ovals on unused council land |
| Screen Name Redacted<br>10/11/2023 01:30 PM | Build and manage a new indoor multi-sport facility in a central and accessible location (like Charles Hand park or the Rosny Golf Club site). It would be best if the site could be accessed by public transport, cycling or walking as well as by car. Consolidate other activities like PCYC, squash and gymnastics into the same area (distinct spaces but maybe sharing amenities). Continue good work on tracks and trails (walking and cycling). If the stadium goes ahead in Hobart, demolish Blundstone and put in housing (low income and accessible) and more parkland. |
| Screen Name Redacted<br>10/11/2023 06:53 PM | Continue to plan for at least 20 yrs ahead. The older cohort in Clarence will definately grow in number and need to be catered for. Land use is important as inept planning will have dire consequences in the future |
| Screen Name Redacted<br>10/12/2023 11:56 AM | We need designated pickleball courts as it is a fast growing activity |
| Screen Name Redacted<br>10/12/2023 12:20 PM | building more facilities and greater improvement on current facilities |
| Screen Name Redacted<br>10/12/2023 06:45 PM | Build a dedicated indoor Pickleball centre |
| Screen Name Redacted<br>10/12/2023 08:54 PM | To be more active and considerate when it comes to croquet. Our croquet club has lobbied the Council and Government over at least 5 |

| Screen Name Redacted<br>10/12/2023 10:12 PM | See above contribution. |
| Screen Name Redacted<br>10/12/2023 11:12 PM | Mornington roundabout pedestrian crossing is vital to connect our community at Clarence. Please get it done ASAP. My family cycles everywhere, including kids cycling to soccer/footy/cricket training/games. It's dangerous to cross the roundabout. Lindisfarne sailing club needs improvements to its building structure. There is a risk to structural integrity of the building. The club has good sailing programs for kids and adults and relies on volunteers. Council funding support is needed. |
| Screen Name Redacted<br>10/13/2023 07:14 AM | Increase the number of ovals for cricket. With a growing population and more female participation there is going to be a push for more cricket grounds |
| Screen Name Redacted<br>10/13/2023 08:01 AM | I could not select more than one under 6. Gymnastics, swimming, soccer, netball (net-set-go) 7. Reasonable cost of hire and update to standard of facilities |
| Screen Name Redacted<br>10/13/2023 04:03 PM | Provision of more land for additional croquet lawns. |
| Screen Name Redacted<br>10/13/2023 06:13 PM | Consider relocating ESCroquet Club to a bigger site to enable 3 to 4 greens. |
| Screen Name Redacted<br>10/13/2023 06:26 PM | Sell the property at South Street in Bellerive for I believe would be a handsome sum and relocate the croquet club to Wentworth Park where there is room for three new lawns and clubhouse to be built. The council would make money on the deal! |
| Screen Name Redacted<br>10/13/2023 09:37 PM | Provide more indoor and some outdoor Pickleball courts |
| Screen Name Redacted<br>10/15/2023 02:08 PM | A multi-purpose centre with on-site staff link Kingborough would be ideal. The land that is occupied by the Rosny golf course could provide a massive stimulus to the city by building such a facility for the community. With our increasing population the 60 year old(?) Clarence sport centre falls short in so many areas for future needs. |

Firstly, a safer playing environment would be great. Secondly, our ability to hold state wide tournaments and National championship tournaments has been restricted to Kingston as they have a larger number of courts available. We are expecting over 200 players in our State championship tournament in March and as the Eastern Shore Pickleball Group is one of the main drivers, we would love to be able to have it within Clarence. This tournament is likely to have around 50 mainland competitors. To have this tournament in Clarence we would need a minimum of 16 courts.

It wouldn't let me tick more than one sport but I play soccer, my wife hockey, children hockey, futsal, swimming, tennis & mountain bike riding. I would like to one day play golf or lawn bowls, so facilities for all these are important to me. I would LOVE the Rosny golf course to be re-started. A hockey facility would be great & could also be used for outdoor futsal.

As above, stop pandering to the high profile and/or low participation sports, and recognise/facilitate easy entry level activities (recreational running) rather than hindering them by turning all paths into concrete.

Screen Name Redacted
10/18/2023 12:18 PM

Provide equal funding for sports based on participant numbers and long term trends- for example there are as many surfers in Clarence as AFL players, yet no money thought is being given to providing a high level training facility (wave pool) cycling has many times the number of participants yet doesn't receive anywhere near the funding.

| Screen Name Redacted<br>10/18/2023 06:07 PM | Work with schools to ensure enough social opportunities exist that promote social competition rather than hyper competitive train train and train type activities. Invest the 80% of kids and people rather than the top 1-5% that usually happens. |
| Screen Name Redacted<br>10/18/2023 09:46 PM | More interesting and new/different and fun stuff to attract younger demographic |
| Screen Name Redacted<br>10/19/2023 08:12 AM | Public facilities need to be available to the public without rigmarole of membership, arranging key access, need for ‘responsible adult’ etc. particularly for teens after school. Focus needs to be on providing opportunities outside of footy and soccer, the facilities for these sports are in far better condition than for other sports. |
| Screen Name Redacted<br>10/19/2023 08:36 AM | I strongly believe facility upgrades need to be looked at |
| Screen Name Redacted<br>10/19/2023 08:49 AM | I think that the council could have a plan to upgrade facilities to ensure they are safe for all to use. Ensure change facilities are gender-safe, but just as importantly, child-safe. There are inadequate spaces for people to safely change or use facilities. I would like to see more engagement with what is available within the Clarence community and more advertising in the Clarence news. |
| Screen Name Redacted<br>10/19/2023 09:03 AM | Upgrade facilities and new pitch at North warrane oval |

| Screen Name Redacted<br>10/20/2023 06:06 AM | Yes they could |
| Screen Name Redacted<br>10/20/2023 06:57 AM | Ensure the use of all available facilities in the municipality. There are some great sports grounds but they lack mtce. Ensure a toilet is at each ground or within a short walking distance - Clarendon cricket ground has none, is out of the way, the gates to walk onto ground are always locked at game time so no wheelchair access or prams to watch. Need to ensure participation levels for the continuity of clubs especially the teen age grp. Must be affordable. Have grounds and facilities that are multi use Ensure sufficient shelters for players and public for outdoor sports |
| Screen Name Redacted<br>10/20/2023 09:04 AM | Raise the concrete pitches so they are not sunk into the ground and bloody widen them to the correct standard of 2-3meters |
| Screen Name Redacted<br>10/20/2023 02:21 PM | Upgrading facilities to better suit the standards required for large clubs/semi professional clubs |
| Screen Name Redacted<br>10/21/2023 06:08 AM | Weather, it still continues to confuse and dissapoint us that we do not have an indoor tennis facility in Tasmania. Clarence could lead the way, in winter during Pennant season we face washout after washout |
| Screen Name Redacted<br>10/21/2023 09:15 AM | Upgrade current stadiums. Build more multi sport/multi court stadiums |
| Screen Name Redacted<br>10/21/2023 09:16 AM | Improve Club room facilities esp for females |
| Screen Name Redacted<br>10/23/2023 05:44 PM | Question 6 doesn't allow you to tick multiple sports! It is very important for all participants and supporters/spectators to have good facilities. I believe the council should build more infrastructure |
| Screen Name Redacted<br>10/23/2023 09:44 PM | Wentworth park has so much space for some simple additions eg. Small pump tracks, basketball hoops or cricket nets. Car parks toilets etc are already there. Easy for kids to access via bike walking track. |

Remove the STBL from the Warrane lease as they serve no purpose other than for those self centred needs of the current person purporting to run it. Dominoes basketball club, as the only WHOLLY CLARENCE BASED junior grassroots club should be the leasor. We have already improved the stsdiums social.space to the amount of $18,000 via a Grant. Access to basketball courts in the council area is compromised by other users, from other sports and those outside the council area. The Hobart Chargers NBL1 team are now using Warrane stadium 3 nights per week, which makes it very difficult for our teams to have sufficient training time. Use of council facilities in Clarence should be limited to clubs in the local Clarence area.

We also play hockey,athletics,table tennis,swimming but the previous question will not allow more than one selection. ## Q13 Are there any other comments you would like to make about sport or recreation opportunities in Clarence?

| | |
|---|---|
| Screen Name Redacted<br>9/25/2023 02:36 PM | I'm not sure why this survey to plan for the next 20 years is only considering some sports and no mention of aquatic sports or that Clarence even has a pool. Swimming is the only sport that you can help save someone's life and participate in at all ages unlike afl, soccer etc. Has CCC made a decision that the pool is to close like GCC has decided with their pool? |
| Screen Name Redacted<br>10/03/2023 02:46 PM | This is a great first step. If the Facilities Strategy can be implemented as well as the Council's amazing array of parks and open spaces, I'm sure it will be a success. |
| Screen Name Redacted<br>10/03/2023 02:51 PM | There is only one pool in Clarence and it needs to be maintained. |
| Screen Name Redacted<br>10/06/2023 10:42 PM | There seem to be lots of ovals (footy and cricket) but the popularity of soccer isn't really reflected in the infrastructure |
| Screen Name Redacted<br>10/08/2023 10:05 AM | Clarence council has a big lot of sporting groups please look after them please . And don't favour chosen ones thankyou |
| Screen Name Redacted<br>10/08/2023 10:39 AM | Kids in sport lowers the rate of youth crime. We need to invest in our kids futures starting with sport which helps with health problems as well |
| Screen Name Redacted<br>10/08/2023 03:27 PM | It's time CCC actually supported elderly as well as other age groups. The old model of aging is outdated we are still active in our 60's yet I have to go to Hobart for any sport gym facilities that cater for my needs |
| Screen Name Redacted<br>10/08/2023 03:47 PM | Link the city to the airport with a bike trail. |
| Screen Name Redacted<br>10/08/2023 05:21 PM | Active people are physically and mentally more healthy. It is your responsibility to provide facilities. |

| | |
|---|---|
| Screen Name Redacted<br>10/08/2023 08:14 PM | This survey only allows one entry for sport played. If council decides on having AFL high performance centre then local facilities need to be included in the proposal. |
| Screen Name Redacted<br>10/09/2023 09:44 AM | No |
| Screen Name Redacted<br>10/09/2023 09:58 PM | No thanks |
| Screen Name Redacted<br>10/10/2023 06:45 AM | With the growth of both junior and senior sports a stadium is urgently required |
| Screen Name Redacted<br>10/10/2023 07:31 AM | We need more facilities for outdoor non organised activities too rather than always focusing on organised team sports. These activities are available to all and are cheaper to access so therefore of more value to the community. Ie walking, recreational cycling, roller blading, scootering, roller skating, kayaking, bush walking, stand up paddle boarding, running, etc. We need more launching, wash down and change room facilities for non motorised water sports. In addition Fitness in the Park is a great initiative for a group activity. Not everyone who wants to be active wants to do a team sport. Perhaps a Yoga equivalent program could be offered. It was very sad to see the ice skating rink close. Another non team sport ignored primarily by the State but also Local Government.. Stop funding AFL facilities so heavily, and spread the money around a wider range of activities and for the community. |
| Screen Name Redacted<br>10/10/2023 07:36 AM | Pressure the State government to find community sports instead of professional sports. |
| Screen Name Redacted<br>10/10/2023 10:34 AM | Keep the Rosny Golf course available for cross country running, cyclocross & other events |
| Screen Name Redacted<br>10/10/2023 08:14 PM | Pickleball specific courts would be very well utilised midweek, weekends and for competitions... |
| Screen Name Redacted<br>10/11/2023 08:06 AM | Abandon the ridiculous idea of an AFL High performance facility and spend the money on grass roots sporting facilities. Immediately buy back the Kangaroo Bay proposed hotel development site and turn the site into public space. |

| | |
|---|---|
| Screen Name Redacted<br>10/11/2023 01:30 PM | Blessed with a great environment - beaches, parks, tracks and trails - need to use/promote them more. Need to find ways to engage lower income, multicultural, people with disability, older people in activities together. |
| Screen Name Redacted<br>10/11/2023 03:25 PM | With new housing developments the inclusion of recreational open and green spaces. As already mentioned some facilities for cleaning equipment. |
| Screen Name Redacted<br>10/11/2023 06:53 PM | Schools, sport , cause a lot of angst with traffic congestion and it will only get much worse. |
| Screen Name Redacted<br>10/12/2023 11:56 AM | A sports stadium with designated pickleball courts included |
| Screen Name Redacted<br>10/12/2023 10:12 PM | I will be interested to see if any reply is forth |
| Screen Name Redacted<br>10/13/2023 07:14 AM | There are only two turf cricket grounds for two teams that play turf cricket. With the increased participation bright about by adding women's competitions over the last 15 years, this is no longer enough. Teams from Clarence and Lindisfarne are having to travel into other council areas to play 'home' games. Clarence council should look at providing a venue in the Clarence area that both clubs can use that has a turf pitch. |
| Screen Name Redacted<br>10/13/2023 08:01 AM | Thank you for the opportunity to take my thoughts and opinions. Appreciative of all that our council already do for our community. |
| Screen Name Redacted<br>10/13/2023 04:03 PM | Clarence is a wonderful City. Let's keep 8mproving. |
| Screen Name Redacted<br>10/13/2023 06:13 PM | The old Rosny Golf course is a prime site for several new or expanding sporting facilities. |
| Screen Name Redacted<br>10/13/2023 09:37 PM | Stop backing AFL team facilities and focus on facilities for Clarence citizens |

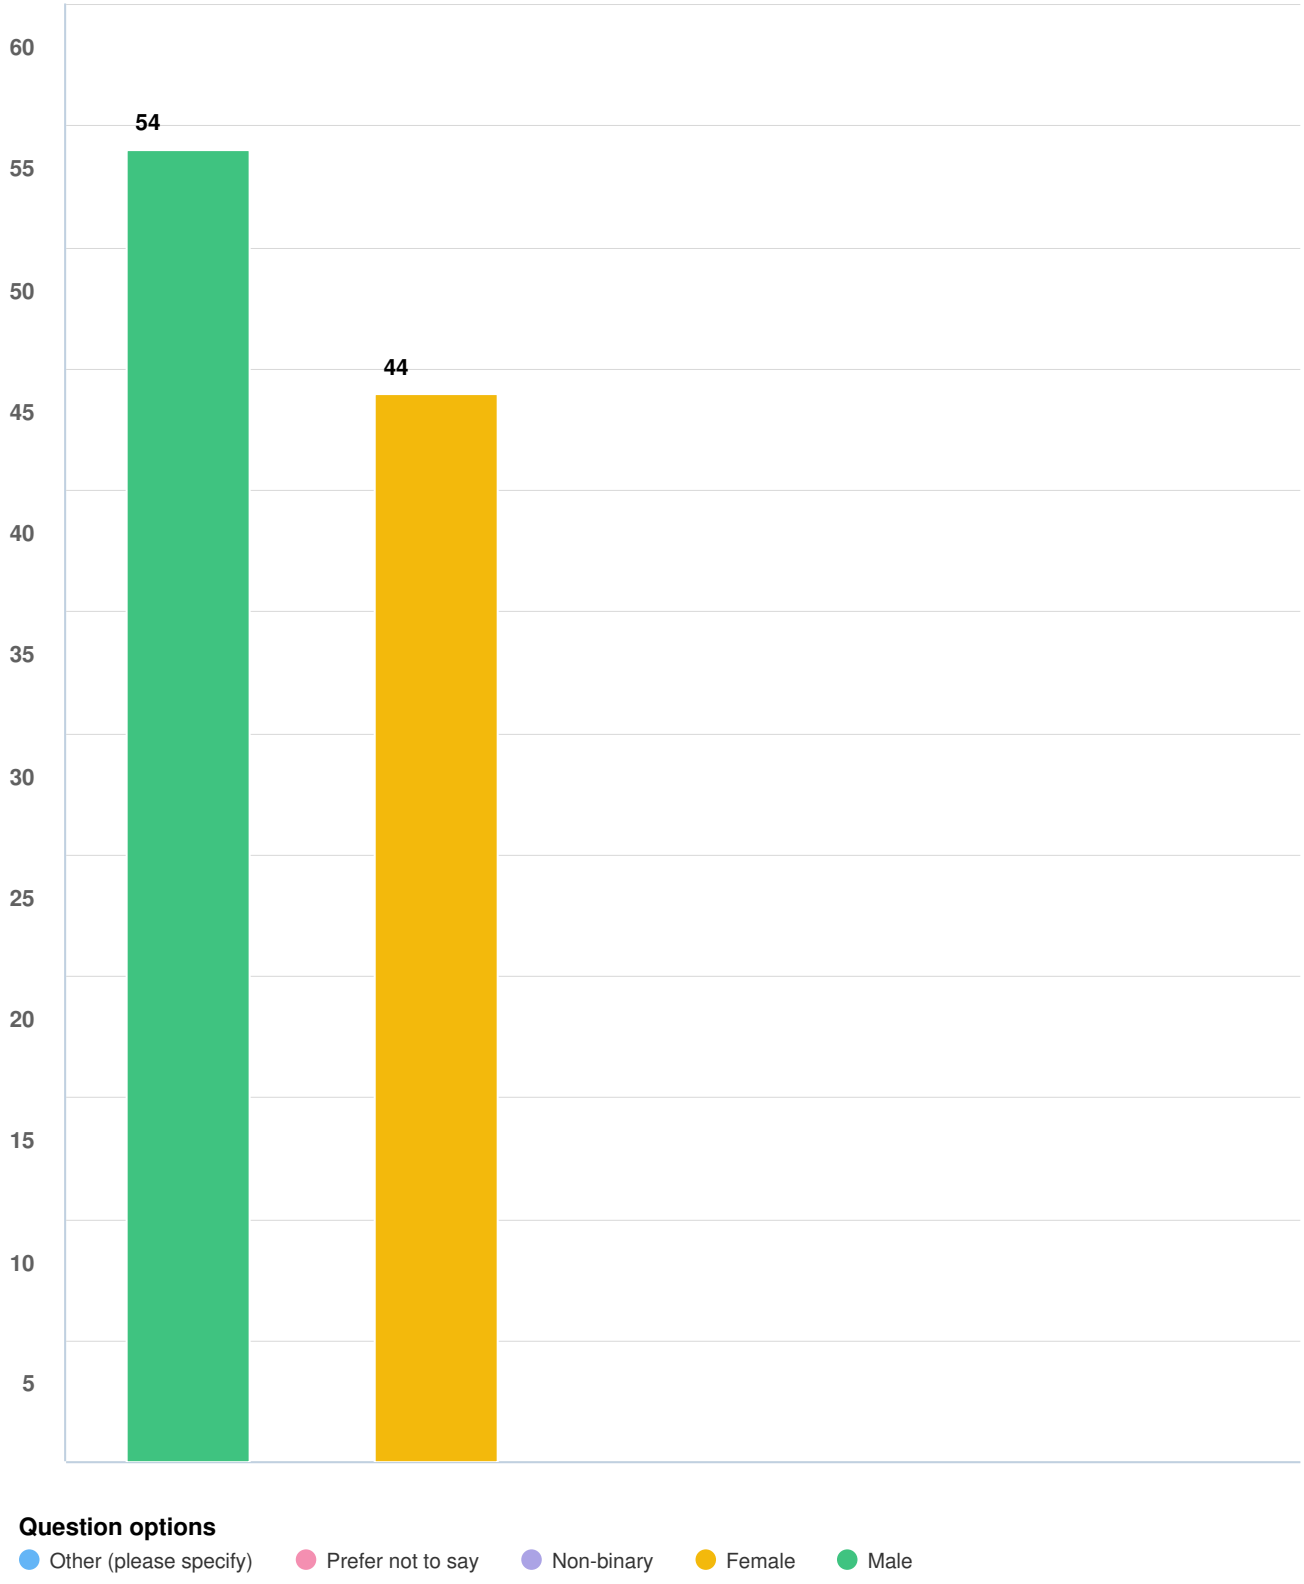

| | |
|---|---|
| Screen Name Redacted<br>10/15/2023 02:08 PM | Don't just build facilities for elite well funded sports teams, the proposed $60M training facility for the Tassie AFL team could be spent on a facility that benefits a much wider cross section of voters. |
| Screen Name Redacted<br>10/15/2023 02:18 PM | As a Clarence resident and sport player, I feel rather annoyed that a huge, expensive facility is being considered for the elite AFL that will benefit few local residents when it comes to fitness, social interaction, community activity and improved mental health. Pickleball is played in Clarence both with social play sessions and competitively with organised events. Please take the time to find out about Pickleball and the fabulous sport it is for so many people of ALL AGES. |
| Screen Name Redacted<br>10/16/2023 03:40 AM | I would like to see more spending on sports like RC aeroplanes which offer STEM career paths. This might be through grants for electric gliders that could be used in holiday programs etc |
| Screen Name Redacted<br>10/16/2023 04:35 AM | Parking is often difficult at certain venues |
| Screen Name Redacted<br>10/16/2023 10:21 AM | Mornington has a large school but poor pedestrian access across the highway & lack of sporting facilities. A pedestrian overpass over Mornington Hwy and at east 1 soccer or hockey sized developed pitch in Mornington should be priorities. |
| Screen Name Redacted<br>10/18/2023 10:48 AM | Utilise the old Golf Course area better |
| Screen Name Redacted<br>10/18/2023 01:43 PM | concil doesnt look after infrastucture as it is - have you tried to walk around clarence with a pram. It is soooo hard, footpaths are over grown, not wide enough in some areas, need to walk on the road, dont have dips to cross the road, so you need to lift the pram onto the road and then back onto the footpath, hard to do when you have a pregnacy injury. Sports facilities are too expensive - clarence pool, old and falling apart - clarance basketball, minimal lighting, or limited use - kargaroo bay |
| Screen Name Redacted<br>10/18/2023 02:45 PM | I think they are currently great, have great access and are all really welcoming. However I believe some of the facilities and the street appearance needs work thanks |
| Screen Name Redacted | Think outside of football, cricket and soccer. These sports are already |

| | |
|---|---|
| 10/19/2023 08:12 AM | extremely well catered for. Remove barriers to entry, such as needing keys to access facilities |
| Screen Name Redacted<br>10/19/2023 10:45 AM | Need to carefully consider existing infrastructure and where Council can help. |
| Screen Name Redacted<br>10/19/2023 09:08 PM | It would be good to have more variety. |
| Screen Name Redacted<br>10/20/2023 09:04 AM | The carpet cricket pitches are 99% terribly done , most are to narrow or sunk into the ground because football gets prioritised over cricket use |
| Screen Name Redacted<br>10/21/2023 06:08 AM | Please consider an indoor tennis court or courts. We can share with pickleball, one of the fastest growing sports in the world |
| Screen Name Redacted<br>10/21/2023 09:15 AM | Thank you for the Fitness in the Park programme, such a wonderful incentive which not only increases the fitness of the aging community but is wonderful for mental health, socialising and giving back to the community. |
| Screen Name Redacted<br>10/23/2023 05:44 PM | We live in the best council, but do not provide enough to all sectors of the community. It seems either tailored to the elderly in lawn bowls, or the very young with playgrounds |
| Screen Name Redacted<br>10/23/2023 09:44 PM | There needs to be an indoor centre where courts can be hired etc. Cricket nets in particular basketball hoops etc. |
| Screen Name Redacted<br>10/25/2023 10:24 AM | It's simple really. Kids playing sport = better mental health better physical wellbeing, more resilient, respectful young people, stronger work ethic and so much more. Make facilities better and they will come and use and the whole community improves |
| Screen Name Redacted<br>10/25/2023 02:55 PM | Things seem barely any different to when I was a kid 20-30 years ago. Vibrant sports and recreation opportunities are vital for our kids to build friendships and social skills, and as an alternative to technology or troublemaking |
| Screen Name Redacted | Stop prioritising afl over everything |

| | |
|---|---|
| 10/26/2023 07:13 PM | |
| Screen Name Redacted<br>10/29/2023 08:52 PM | Council is doing as great job with limited finance |
| Screen Name Redacted<br>10/30/2023 11:19 AM | I think our current recreation areas are very good and well looked after. |
| Screen Name Redacted<br>10/31/2023 04:50 PM | The buildings at Lindisfarne oval need to be looked at in regards to indoor training facilities as well as the dysfunctional way they are physically located for football and cricket. |
| Screen Name Redacted<br>11/06/2023 07:33 PM | A big sports complex at Cambridge including gymnasium, basketball courts, competition pool, grassed fields etc would be fantastic! |
| Screen Name Redacted<br>11/07/2023 09:33 AM | Nope. |
| Screen Name Redacted<br>11/07/2023 10:21 AM | South Arm Oval is in urgent need of an upgrade! |
