Screen Name Redacted 5/06/2020 10:06 AM	Walks in the sun, while we have it. Telechats. We've done the 800 diet (for health reasons - mainly immunity strength) and that has been a new interest , gratifying (in weight loss terms) and fun (in planning, scoring and cooking).
Screen Name Redacted 5/06/2020 12:25 PM	Try to keep busy and not dwell on it too much

Question type: Single Line Question

Q6 | How do you think that Clarence City Council can better support the community at the moment?

Screen Name Redacted

4/03/2020 02:32 PM

Keep CCC controlled reserves and walking paths open if at all possible

Screen Name Redacted

4/03/2020 03:46 PM

To contain unnecessary spending. Ensure all ratepayers are accountable for their rates, equity and fairness.

Screen Name Redacted

4/03/2020 03:48 PM

Keep communicating and letting residents know what is going on. This is a good eg.

Screen Name Redacted

4/03/2020 08:05 PM

Communicate, I haven't seen much about support or rules in the community

Screen Name Redacted

What have you even done? Close parks is all i know. Actually cancel

4/03/2020 08:29 PM

rates for this year. Not delay, cancel.

Screen Name Redacted

4/03/2020 09:39 PM

Encourage online arts and performance, provide info about food delivery, encourage expansion of delivery services, encouraging growth of business ideas as people may want to develop new businesses whilst in lockdown,

Screen Name Redacted

4/03/2020 11:29 PM

Advocate for the ongoing access to beaches, foreshore tracks. Vital for mental health. Online community- I'm offering online space as part of my work and uptake is positive. Activities for parents on Facebook page, share innovative ways to connect & suppo

Screen Name Redacted

4/04/2020 01:13 AM

No idea.

Screen Name Redacted

4/04/2020 04:53 AM

Provide free online exercise classes, promote resources available online through the Rosny library and how to access, provide information for food banks/organisations that can help people in need, keep beaches and natural places open where safe.

Screen Name Redacted

4/04/2020 06:51 AM

Provide opportunities for online connection, ensure households have access to required needs

Screen Name Redacted

4/04/2020 07:43 AM

Stop charging rates, don't shut any beaches or reserves, allow fishing

Screen Name Redacted

4/04/2020 08:04 AM

Empty our green bin fortnightly. Empty recycling weekly. Our gardens are growing crazy with this great weather, we have lots of time to spend tending to them. We have lots of time to clear our garages and sort cupboards. Many extra items to bin/recycle

Screen Name Redacted

4/04/2020 08:10 AM

Not sure

Screen Name Redacted

4/04/2020 09:54 AM

Speak with parks and wildlife about the closure of local reserves like Gordon's Hill Circuit , seems a blanket rule has been applied rather than reviewing each individually to assess benefit versus risk

Screen Name Redacted

4/04/2020 12:07 PM

By reconsidering the outdoor walking track availability....By ensuring that the 'guards' at the entry to supermarkets are actually wiping

down baskets and trolleys rather than just standing in the doorways.
These are small considerations, I know.

Screen Name Redacted
4/04/2020 01:59 PM

Ensure all trails remain open and encourage other councils/parks to reopen

Screen Name Redacted
4/04/2020 09:07 PM

Create a stronger bond to nature and offer what Brisbane city council does: free native plants. <https://www.brisbane.qld.gov.au/clean-and-green/green-home-and-community/sustainable-gardening/free-native-plants-program>

Screen Name Redacted
4/05/2020 12:16 AM

Increase green waste collection and please Put on free on line yoga continue the one program that was online

Screen Name Redacted
4/05/2020 12:50 AM

Encourage home veggie gardens. Open the bike trails. It'd be great if seedlings were more available. Reduce rates as we are all struggling.

Screen Name Redacted
4/05/2020 06:51 PM

acknowledge and find out what those who are not on the internet need

Screen Name Redacted
4/05/2020 08:48 PM

Unsure.

Screen Name Redacted
4/05/2020 09:32 PM

Re-open Gordon's Hill reserve. Plenty of opportunity to use this area whilst maintaining requisite distancing.

Screen Name Redacted
4/05/2020 11:27 PM

community transport to shopping, pharmacy etc

Screen Name Redacted
4/06/2020 06:58 AM

Keep as many natural areas open as possible. Stop picnics for sure, but let people roam in the bush with one other family member or friend

Screen Name Redacted
4/07/2020 08:20 AM

There has been very little communication from CCC.

Screen Name Redacted
4/08/2020 10:14 PM

Encourage people to stay home. Organise volunteers to ring elderly or disabled in the community

Screen Name Redacted 4/13/2020 11:43 AM	Encourage community to get outside
Screen Name Redacted 4/14/2020 04:51 PM	Not sure.
Screen Name Redacted 4/18/2020 03:47 PM	Link in to state government and community sector recovery work to identify and address emerging and changing community needs. Consider allowances reductions if not already, with saving to be held for recovery/stimulus.
Screen Name Redacted 4/19/2020 05:23 PM	Reopen pram and bike access to Waverley Flora Park from Kallora St, Mornington. Removing this access has severely reduced my ability to access the reserve with my child. I can no longer go for a short pram walk or ride with my child in the park.
Screen Name Redacted 4/20/2020 03:27 PM	Not positive on this question. I think just being there and giving any help that you can
Screen Name Redacted 4/20/2020 03:37 PM	Monitor bike and walking tracks to prevent over crowding. Have cyclists move to roads as they are a danger on waking tracks
Screen Name Redacted 4/20/2020 03:46 PM	Relax rules for food vans to trade in areas around Clarence
Screen Name Redacted 4/20/2020 05:15 PM	As far as I can tell CCC is doing ok
Screen Name Redacted 4/20/2020 05:29 PM	There is little more to be able to be done in the current circumstances I would imagine
Screen Name Redacted 4/20/2020 05:52 PM	Represent residents needs to the state government, help petition for reopening of trails and parks
Screen Name Redacted 4/20/2020 06:53 PM	Would be great to have council co-ordinated community Facebook page so we can connect with those who need support - local areas have Facebook pages but we don't know who we are missing / don't know about that needs help

Screen Name Redacted

4/20/2020 08:09 PM

Continue to keep walking tracks, parks & ovals open.

Screen Name Redacted

4/20/2020 08:23 PM

Checking our local sports ground regularly for people not using social distancing and taking their dogs to non dog allowed parks and not cleaning up after them

Screen Name Redacted

4/20/2020 09:03 PM

I work in the arts. I would like to think that, when this is all over, CCC would see the potential of the arts to reinvigorate the community. Start planning now for events next Spring/Summer that have broad appeal and involvement. Celebrate community.

Screen Name Redacted

4/20/2020 09:38 PM

Extra hard rubbish collection

Screen Name Redacted

4/20/2020 09:45 PM

Continue to keep Rosny Hill road closed. Absolutely fantastic there are no bogans going up there anymore

Screen Name Redacted

4/20/2020 10:36 PM

Try to help people stay connected to community especially those not connected by social media.

Screen Name Redacted

4/20/2020 11:59 PM

Neighbour cards were great. Hard waste collection and free rip days for those doing work on properties

Screen Name Redacted

4/21/2020 01:02 AM

Check that business owners are okay. Many of them are overwhelmed with how to keep afloat. I'm positive they'd love a personal check in from you. Their incomes have dramatically dropped but they're still open. Cut their rates? I don't have a business.

Screen Name Redacted

4/21/2020 06:30 AM

Reopen all beaches

Screen Name Redacted

4/21/2020 07:49 AM

Support those in greater need with regular phone calls, shopping and even helping them to connect to Internet

Screen Name Redacted

4/21/2020 08:12 AM

Allow access to some of the sports grounds for walking / jogging as the tracks and trails are more crowded than I have observed in over 10 years.

Screen Name Redacted

4/21/2020 08:18 AM

I have no idea

Screen Name Redacted

4/21/2020 08:43 AM

everyone at home is generating more waste, doing clean outs. Free tip weekends, or free pick up of items for the tip shop.

Screen Name Redacted

4/21/2020 09:58 AM

Annual clean up now not at xmas

Screen Name Redacted

4/21/2020 02:11 PM

Council employees cleaning up the environment better.

Screen Name Redacted

4/21/2020 02:27 PM

Encourage others to follow the rules, including business - most are doing great, but some people just don't care. Make contact with older residents (you must have some idea of who they are) to ensure they are ok and understand the rules.

Screen Name Redacted

4/21/2020 03:34 PM

Encouragement to support local businesses

Screen Name Redacted

4/21/2020 05:21 PM

Check olall households for unregistered dogs. Next door keep theirs in a cage 24 hours a day and it has no quality of life surrounded by its own faeces. It just cries and yaps. Sentient being laws should be passed

Screen Name Redacted

4/21/2020 05:59 PM

Extra hard rubbish as so much home time & clean ups happening.

Screen Name Redacted

4/21/2020 07:30 PM

Open up some more green spaces, eg ovals

Screen Name Redacted

4/21/2020 09:43 PM

Due to the substantial increase of the number of cyclists using the pathway along Howrah Beach , it would be safer to introduce a requirement for cyclists to sound their bell. Signage at each end of the pathway could advise cyclists.

Screen Name Redacted

4/22/2020 11:49 AM

Maybe driving around to be seen and to look that all is o.k. After the rain where deep holes filled with water sitting around at my address which was cumbersome for walkers and bikes. the water is there since the stormwater pipes where layed

Screen Name Redacted

4/22/2020 02:38 PM

Continue to keep walking tracks and beaches open. Persuade Parks to open the beaches and reserves in the area that they have closed. Think about setting up a community garden in the future.

Screen Name Redacted

4/23/2020 02:32 PM

not sure

Screen Name Redacted

4/23/2020 02:40 PM

100% A NEW FENCED AREA FOR DOG WALKING!!! Highly recommend half of the Lindisfarne park next to playground be fenced!! People already walk with dogs off leash but it's so dangerous being next to the road with no fencing!!!!

Screen Name Redacted

4/23/2020 02:47 PM

I think that the CCC has been very good thus far. I appreciate the effort to keep access to public spaces accessible, and the messaging for people to remain thoughtful to others. Keep up the great work!

Screen Name Redacted

4/23/2020 02:57 PM

please open Meehan Range and Risdon Brook Dam walking tracks

Screen Name Redacted

4/23/2020 03:02 PM

I am not aware of anything CCC could do

Screen Name Redacted

4/23/2020 03:03 PM

Council would appear to be doing a reasonable amount to support the community, so nothing additional

Screen Name Redacted

4/23/2020 03:06 PM

Gaurentee not to close beaches, dog parks, and excercise areas.

Screen Name Redacted

4/23/2020 03:08 PM

Refund rates, especially on rental properties

Screen Name Redacted

4/23/2020 03:20 PM

ATM all good

Screen Name Redacted

4/23/2020 03:28 PM

We need a hard waste collection sooner rather than later!

Screen Name Redacted

4/23/2020 03:31 PM

For me personally not much. As long as they can manage themselves to keep our community services running that's important

Screen Name Redacted

4/23/2020 04:04 PM

Keep people informed and help them connect to online services and any help available for those in need (specially vulnerable people and anyone struggling financially or emotionally).

Screen Name Redacted

4/23/2020 04:11 PM

It's important to look after the isolated, elderly people in the community who need help with shopping or appointments. Keep rates on hold, as many have lost or have a reduced income

Screen Name Redacted

4/23/2020 04:16 PM

Open up more walking spaces or request this through appropriate authorities. Paths along the river and beaches like Bellerive are quite crowded.

Screen Name Redacted

4/23/2020 04:27 PM

Can't think of anything

Screen Name Redacted

4/23/2020 05:11 PM

Open more areas but it's Parks who hold the keys Beaches etc could be easily opened for walkers and surfers

Screen Name Redacted

4/23/2020 05:27 PM

For us nil, we are self sufficient.

Screen Name Redacted

4/23/2020 05:34 PM

Remember the promised and requested footpaths. A lot more people and little kids on bikes are using them right now.

Screen Name Redacted

4/23/2020 05:40 PM

negotiate the re-opening of closed reserves, e.g. Gordon's Hill

Screen Name Redacted

4/23/2020 06:21 PM

Appreciate beaches being open

Screen Name Redacted

4/23/2020 06:23 PM

One thing ... more signage for cyclists to watch their speed and ring bells on passing pedestrian on Howrah beach pathways . In addition it would be safer and better if Howrah beach was divided into a zone (for dogs only area) as the Bellerive beach .

Screen Name Redacted

4/23/2020 06:28 PM

Not sure

Screen Name Redacted

Your awareness is appreciated. Keeping beaches and walking paths

4/23/2020 06:41 PM

open is also appreciated.

Screen Name Redacted

4/23/2020 06:47 PM

Please do all you can to reduce rates. Please don't waste our rates money on marginal, silly Council projects like paths, bike paths, and the like. Just do the really essential things of maintaining assets. Really reduce non essential spending at Council.

Screen Name Redacted

4/23/2020 07:04 PM

Open up the tracks and places where people can exercise. I think people have got the idea. Take the tape off Bellerive Beach gym equipment.

Screen Name Redacted

4/23/2020 07:55 PM

Not certain but being prepared for a return to normalcy eg stressing importance of community groups and links such as libraries; perhaps having a community forum (s) post this period to Allie people to provide feedback to prepare for any recurrence

Screen Name Redacted

4/23/2020 07:55 PM

Not sure

Screen Name Redacted

4/23/2020 08:06 PM

Please keep the beaches open! Help local businesses tell us what they're doing eg flyer of restaurants doing takeaway, shops opening hours etc. Council facilitate local assistance eg receive and distribute food

Screen Name Redacted

4/23/2020 09:06 PM

managing increaed use of open space ang natural areas a bit better - ideally would be great to have wider paths, more on road cycling paths etc - we are lucky to be living in such a great place but a bit awkward to use all this atm

Screen Name Redacted

4/23/2020 09:11 PM

Hard waste collection. Flu shots.

Screen Name Redacted

4/23/2020 11:48 PM

Clean up the graffiti /reduce the rates / improve the parks and open spaces

Screen Name Redacted

4/24/2020 08:24 AM

They need to upgrade public toilets. Make sure the taps will run for 20 seconds, have soap and toilet seats. I find them disgusting.

Screen Name Redacted

Nothing comes to mind.

Screen Name Redacted

Screen Name Redacted

4/24/2020 11:46 AM

Screen Name Redacted

Very little can be done.

4/24/2020 11:53 AM

Screen Name Redacted

They are doing what they can

4/24/2020 03:23 PM

Screen Name Redacted

Probably not much at the moment just keep residents informed and up to date with issues as they occur

4/24/2020 03:53 PM

Screen Name Redacted

I am really not sure what the Council is doing that is different from the service I have come to expect and in large part - enjoy.

4/24/2020 04:16 PM

believe Bunnings is practicing true social distancing

Screen Name Redacted

4/29/2020 09:07 AM

undo unnecessary closures. close shops where physical distancing is
not occurring

Screen Name Redacted

4/29/2020 05:00 PM

keep up the good work...connection and community care is vital for
well being

Screen Name Redacted

5/01/2020 12:58 PM

Would like to see another hard rubbish soonish as think everyone
having huge clean ups ...and as tip shop is open can recycle there ...

Screen Name Redacted

5/04/2020 03:09 PM

Maybe have connection to IGAs so we can support them by ordering
online, seems you have to phone orders in and pick up, no good if
you don't know exactly what you want or are not leaving the house

Screen Name Redacted

5/04/2020 03:34 PM

I'm not sure because I'm not aware of what the council does for
people with early onset dementia.

Screen Name Redacted

One beautiful idea (that CCC could encourage, promote, promulgate)
engaging people in Europe is identifying urban weeds, plants and
trees for passer-by's interest and engagement. Search 'guardian not
just weeds'. See website morethanweeds.co.uk

Screen Name Redacted 5/07/2020 12:32 PM	tell us where infections are or have been in finer detail. to just say 5 is not much help.
Screen Name Redacted 5/07/2020 01:16 PM	I like the council to Visit our local shop which I'd to support except the do not provide sanitizer or sanitizer or wash their hands between customers after handling money. They need help on how to operate in this environment.
Screen Name Redacted 5/07/2020 01:38 PM	I don't think anything. It is up to the individual.
Screen Name Redacted 5/08/2020 03:23 PM	Not sure
Screen Name Redacted 5/09/2020 09:44 AM	By providing rates etc assistance to households
Screen Name Redacted 5/10/2020 04:27 PM	Email newsletters with plans for future activities, preferably free ones, continue regular cleaning/sanitising, hold rates demands for those left jobless, send flowers to health services, aged care to show appreciation & let them know they are not forgot
Mandatory Question (123 response(s)) Question type: Single Line Question

Screen Name Redacted 4/03/2020 02:32 PM	Not sure
Screen Name Redacted 4/03/2020 03:46 PM	Increased rates and taxes as a consequence of the government's spending decisions.

Screen Name Redacted

Screen Name Redacted

4/04/2020 09:54 AM

Assuming you mean when it is over , we won't have any challenges as hopefully everything will go back to normal. If you mean if covid continues for that long challenges will be entertaining kids and home schooling
