

Blundstone Arena Surrounding Area Smoke Free Zone Consultation Survey

SURVEY RESPONSE REPORT

13 June 2019 - 29 August 2024

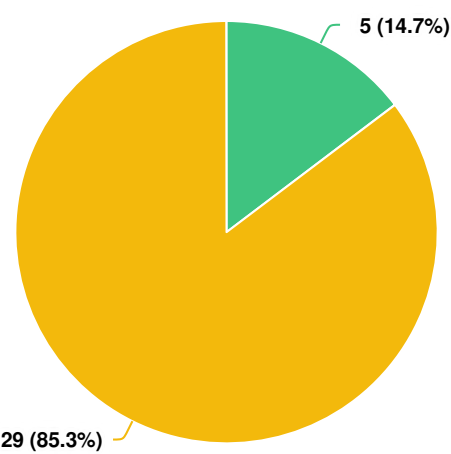

PROJECT NAME:

Blundstone Arena Surrounding Area Smoke Free Zone Consultation

SURVEY QUESTIONS

Q1 | Are you a smoker?

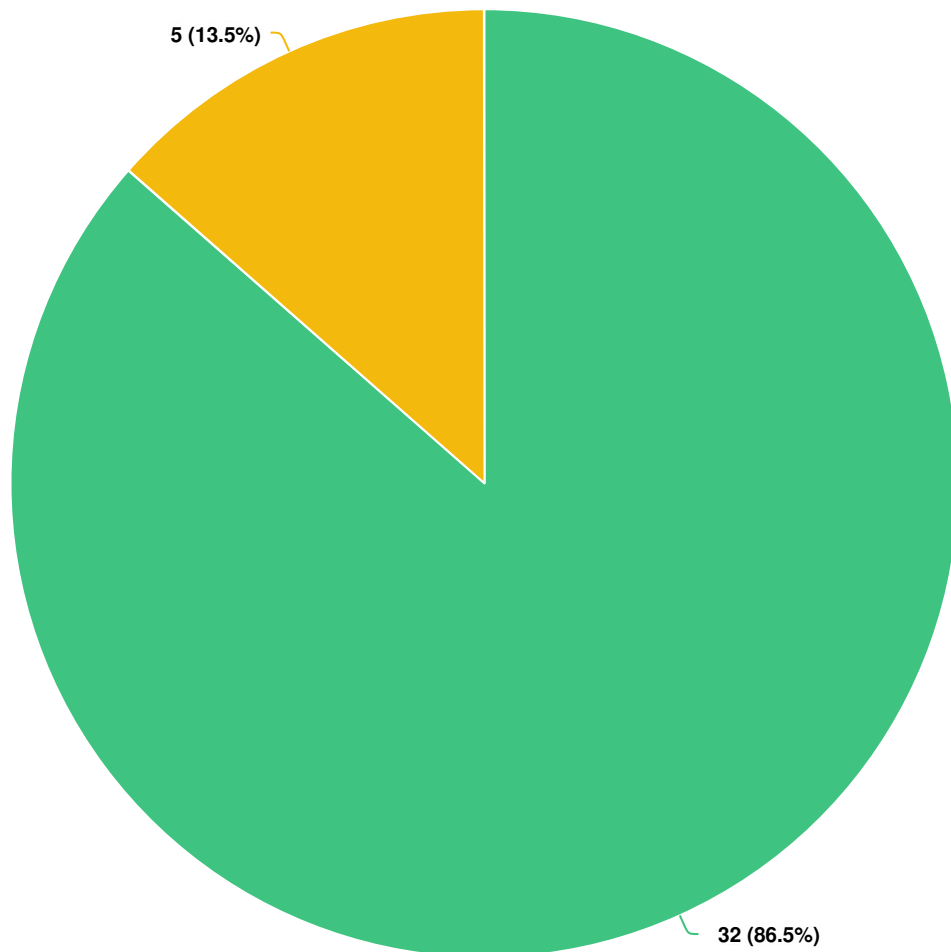

Question options

- Yes
- No

Optional question (34 response(s), 3 skipped)
Question type: Radio Button Question

Q2 Do you support the proposed smoke free zone?

Question options

☒ Yes ☐ No

Optional question (37 response(s), 0 skipped)

Question type: Radio Button Question

Q3 | If no, why?

Screen Name Redacted

7/09/2019 04:32 PM

I just think it's a bit excessive and time/money could be spent on something else. Not many people smoke these days and living within the zone I've never seen anyone smoking.

Screen Name Redacted

7/12/2019 04:06 PM

In as far as I can see the proposed smoke free zone does not allow any smoking zones at all for visitors of the arena or beach area. I am a resident which lives in the exact amount of steps it takes to smoke a cigarette once left the Blundstone arena, therefore outside our property on the nature strip after a event is where the butt ends up. By giving no smoking zones what so ever this is only moving the smoking zone else where, one that does not have council provided bins for cigarette butts. I feel there needs to be a area out of street view that allows smokers to smoke and discard of their butts in a clean and appropriate manner.

Screen Name Redacted

7/14/2019 02:11 PM

Not the extremely large area council have proposed for no smoking. It's an absurd idea to even think that it will work, let alone trying to impose it! I'm totally for smoking free zones around the park area. There is already a 10meter distance from the park gates till Someone can smoke. I believe this is quite appropriate, fair and considerate for all. However the above zoning for no smoking is a laughing matter! How is council going to impose this ? Is council going to employe full time smoking police ? Maybe install cameras and have undercover smoking police? What happens to residents who live on these streets if they would like to smoke? They can't on the footpath ? But what about in the car? Maybe focus on issues that are Of higher importance? Who ever came up with this proposal is an absolute ignorant human being!

Screen Name Redacted

7/18/2019 05:13 PM

Smoking in fresh air.....? Personally can't stand the smell of coffee so can you ban that as well?

Screen Name Redacted

9/19/2019 11:52 AM

How could Council possibly exclude smoking in public streets or in carparks which are not enclosed areas? Does it mean that for smokers they are not welcome to supervise children in the playground? Does Council have authority over the beach to low or high watermark? Can Clarence Council impose policy across select roads and can a driver be penalised for smoking in a vehicle on one of the roads that has been identified?

Optional question (5 response(s), 32 skipped)

Question type: Essay Question

Q4 | If you have any suggested adjustments to the proposed smoke free zone, please describe:

Screen Name Redacted

7/07/2019 07:18 AM

needs to be randomly enforced to help spread the word.

Screen Name Redacted

7/09/2019 04:32 PM

What ever we have seems to be working.

Screen Name Redacted

7/10/2019 07:29 PM

I believe the smoke free zone, should even go further - continue all the way along Bellerive Beach to the other end towards Howrah. It would be easier for everyone that way with no confusion. Also it is very important to protect the grass, shrubs and trees on the dunes, a fire there would be catastrophic.

Screen Name Redacted

7/12/2019 03:25 PM

I think it should go a block beyond each margin so smokers don't just congregate at the edge for eh ban area in suburban streets, but can go to the beach, with a warning about dropping butts and place some receptacles.

Screen Name Redacted

7/12/2019 04:06 PM

I would like to see two allocated areas in the vicinity of Blundstone arena (external) that is a blocked off smoking area.

Screen Name Redacted

7/13/2019 09:52 PM

I am not sure if the area includes the bottom of the steps of the arena near the cafe but it is in these garden beds that we find the majority of butts during our cleanup sessions.

Screen Name Redacted

7/14/2019 02:11 PM

Keep it as is.

Screen Name Redacted

7/15/2019 10:20 PM

Extend it further ban it outside the hotels in Clarence and other sporting venues.

Screen Name Redacted

7/18/2019 05:13 PM

Outside the arena, in a grassed area within the arena down behind the grandstands

Screen Name Redacted 7/19/2019 09:52 AM	I would like to see the extension further for other high density areas of CCC
--	---

Screen Name Redacted 7/23/2019 10:28 PM	Make smoking areas
--	--------------------

Screen Name Redacted 8/08/2019 05:12 PM	Somewhere needs to be assigned for people who insist on smoking. If the current proposal is enforced then smokers will congregate near surrounding residents houses immediately outside the exclusion zone which is unfair on residents and not acceptable (during events)
--	---

Screen Name Redacted 8/10/2019 08:10 AM	My only concern is not to push the smokers onto the beach areas
--	---

Optional question (13 response(s), 24 skipped)

Question type: Essay Question

Q5 | What are your views on where smokers may relocate to?

Screen Name Redacted 6/29/2019 11:16 AM	A small island of the edge of Antarctica
--	--

Screen Name Redacted 6/30/2019 05:35 PM	Their house
--	-------------

Screen Name Redacted 7/07/2019 07:18 AM	To non public areas. Or not within ten meters of another person.
--	--

Screen Name Redacted 7/09/2019 04:32 PM	Again, whatever we have seems to be good enough.
--	--

Screen Name Redacted 7/10/2019 07:29 PM	Outside the smoke free zone. Hopefully the signs will also display the effect that smoking has on humans and the environment e.g. How smoking causes health problems, how the butts effect our wildlife and sea life. This would be educational to adults and most importantly children.
--	--

Screen Name Redacted 7/12/2019 03:25 PM	To the beach, not other local streets, or to their cars.
--	--

Screen Name Redacted

7/13/2019 09:52 PM

I am a local parent and teacher who does clean up Australia Day every year in this location. The number of cigarette butts the school kids and I pick up is astronomical! Wherever smokers are relocated to needs to be well signed and bins provided! If it is Blundstone Arena patrons mostly smoking, then the arena should provide and service bins. However, I think Council also has to take responsibility for signage to assist our environment with signs encouraging users of the area to bin or take with them their rubbish including cigarettes.

Screen Name Redacted

7/14/2019 12:00 AM

Away from anywhere families gather.

Screen Name Redacted

7/14/2019 02:11 PM

Keep it as is.

Screen Name Redacted

7/14/2019 06:37 PM

Their homes

Screen Name Redacted

7/15/2019 10:20 PM

Anywhere but not so we have to breath their smoke and not in front of children

Screen Name Redacted

7/18/2019 05:13 PM

Why should we relocate? Moving away from the crowd should be sufficient - you don't make the coffee drinkers move away from the non coffee drinkers and that smells as bad if not worse...

Screen Name Redacted

7/19/2019 09:52 AM

No specific view other than smokers shouldn't be able to engage in a dangerous activity which impacts on others so I strongly support the extension

Screen Name Redacted

7/21/2019 08:41 PM

Surrounding streets.

Screen Name Redacted

7/23/2019 10:28 PM

Not to distant or the rules will most likely just be disobeyed

Screen Name Redacted

7/24/2019 05:09 PM

Perhaps a designated area could be cordoned off from the car park at the rear of the arena.

Screen Name Redacted

8/08/2019 05:12 PM

I think that a smoking room needs to be provided (for use during events) if this exclusion zone is enforced. The room should have suitable (powerful) extractor fans with exhaust released above the

roof of the stand.

Screen Name Redacted

8/10/2019 08:10 AM

As far away from children play areas and exercise areas as possible.

Screen Name Redacted

8/11/2019 08:20 AM

Not near peoples homes, playgrounds or restaurants.

Screen Name Redacted

8/12/2019 11:43 AM

Well away from public access areas and areas in which children may be located.
